

Dear Fellow Princeton Youth Hockey Association Members,

My name is Char Weir and I am delighted to submit my letter of intent to serve as a board member for PYHA board of directors. As a board of director, I would be completely dedicated and honored to serve PYHA working towards ensuring that we become a thriving hockey association that is competitive, strong, growing, and professional filled with integrity and respect.

My family and I have lived in Princeton since 1999 and we are so proud to live in such a vibrant, small hometown community and raise our family here. We are equally proud to have made so many friends and extended family within PYHA over the last six years, and we are blessed and grateful to be a part of it all! I have three children who adore hockey (my youngest daughter will play next season) and my son Hunter Burian, a goalie and hockey loving nut:) was on the B1 squirt team this year. As a proud parent, I am honored to say our team had an amazing season and am so proud of the hard work and dedication our kids and coaches poured out into our team. I know that other teams, coaches, and skaters have had similar joyful experiences! My partner, Kevin Burian has been a dedicated assistant/ goalie coach for PYHA for the last 5 years. I know just what it entails to be a goalie mom (it can be challenging at times, I'll be honest!) And I have ideas/ view points on how we might be able to further strengthen our goalie program.

I have not graduated with my PHD from Harvard, but I do have some valuable skills and experience that I will bring with and pour out into our association. I have devoted my life to children for at least the past 15 + years and have their best interests at heart. I currently stay at home with my kids, which frees up time to devote to improving and investing in our board. I have experience in managerial and accounting roles that included payroll, accounts payable/receivable, opening up and maintaining excellent communication, and strategic problem solving skills, all while playing close attention to details. I am a creative, energetic, hard worker and have a strong desire and conviction to help PYHA reach its full potential.

Economic times right now, are at best..... Difficult and I would bring in dedication, fresh ideas, backed by with a strong commitment. With goals being to promote and protect the best interest of our hockey association, its terrific skaters, which if it weren't for them, our association would not be here, and all of its members. Thank you so very much hockey enthusiasts and fellow parents for your time and consideration, I am truly grateful and appreciate your support!!!

Warm regards,

Char Weir (Burian)
