

ABOUT "KORN CAMP"

Back in 1977 Mitch Korn ran his first weekend **Specialized Goaltender Program** in Buffalo, NY. In between then and now, Mitch and the staff have developed this unique concept. These camps have now grown into the **best in the country** with 10 different locations offered. Why not attend a program specially designed by position! In fact, it was Mitch's work in goalie camp that helped him land the job as the Sabres Goalie Coach in 1991.

THE DIRECTOR...

MITCH KORN...21 years in the NHL

Now in his 14th season with the Nashville Predators, Mitch previously spent 7 seasons as the Goaltender Coach for the Buffalo Sabres. His hard work, superb communication skills, ability to "dissect" a goalie's game, and great sense of humor has gained him the respect and friendship of those he has coached and worked with at all levels. Fondly referred to as "**Children of the Korn**" (a phrase coined by Nashville head coach Barry Trotz) these current and former goalies (many of whom are now coaching) have benefited from and helped spread the "goalie gospel according to Mitch". Besides having coached present and former pro goalies Pekka Rinne, Anders Lindback, Chris Mason, Dan Ellis, Marty Biron, Ty Conklin, Mark Dekanich, Dominik Hasek, Tomas Vokoun, Drew MacIntyre, Jeremy Smith, Atte Engren, Chet Pickard and Mike McKenna, Mitch has coached and influenced many others who have (in the past) or who are currently coaching professionally. They include: Mike Valley (Dallas), Corey Hirsch (St. Louis), Clint Malarchuk (Calgary), Olaf Kolzig (Washington), Mike Dunham (Islanders), Wade Flaherty (Winnipeg), Grant Fuhr (formerly Phoenix), Steve McKichan (formerly Toronto), Ben Vanderklok (Milwaukee-AHL for Nashville), Mike Bales (Wilkes Barre - AHL for Pittsburgh) and Bob Janosz (Rochester-AHL for Buffalo). **Mitch is on ice for the entire goalie program!**
Can anyone match his 21 years of coaching and success in the NHL?

THE CAMP'S OBJECTIVE

Goaltending is more than just stopping shots. This unique program will teach and drill the **physical skills** such as the butterfly, half butterflies, power pushes, shuffles, transitions, recovery, stick skills, etc., along with the **mental skills** such as save selections, "reading the play," angles, puck tracking,, focus, etc. We provide a "**full-day**" **experience**. **THERE IS NONE BETTER! A great staff is put together to assist Mitch in reaching our objectives.**

MITCH'S PHILOSOPHY

There is no substitute for hard work. Mitch works the goalies very hard. But, Mitch also believes in having fun . . . lots of fun. Humor is a major part of the teaching process. The goalies work together as a "team" or "fraternity" all week long. Mitch does a significant amount of teaching.

THE CAMP'S FORMAT

In order to accomplish our task, the goalies will receive 3.5 hrs. or more of ice **daily**, plus 3.5 hrs. of structured off ice activities. Video tape will be taken of the goalies to help teach and reinforce the skills of the day.

THE ON ICE PROGRAM

The ice time will be divided into 2 sessions. The first session is designed to teach and drill the skills of goaltending. The second session will consist of "stations" with shooters and lots of pucks to help the goaltender "execute" on the skills taught. **Great training tools such as reaction cones, low and high shot screen boards, deflection boards, an on ice mirror, focus enhancers, glove weights, bungee balls, on ice video and mini and white pucks are used.**

OFF ICE PROGRAM

The goalies will have two daily off ice sessions which include: video replay, goalie dryland training, uniquely developed NHL highlight dvds to help teach "goalie sense," mental skill development, reading and reacting, how to handle the many game situations, equipment innovations...and more!

EQUIPMENT NEEDED

Goalies must supply their own, and always wear properly, full, legal equipment. A camp jersey sponsored by **CCM** is provided. Goalies should be able to dress themselves for the ice. Parental assistance is permissible outside the locker rooms. Individual water bottles are optional.

INSURANCE/MEDICAL

EACH PARTICIPANT MUST POSSESS MEDICAL INSURANCE.

Neither Mitch Korn nor anyone associated with Mitch Korn's Specialized Hockey Camps, Inc. will be responsible for any medical or dental insurance. Any accidents or illness will be treated at a hospital near the ice facility. Our medical insurance form is available on our website for each to print. A medical and liability release statement is included on this form. It must be signed by parent or guardian and **brought** to registration.

OUR LOCAL COORDINATOR...DAN KODATSKY

Dan is actively involved in coaching goaltenders all around the Twin Cities. Dan will handle all the marketing, details of putting on a great camp, and is available to answer all questions.

AGES, STRUCTURE, AND ENROLLMENT

We will accept ages 9 thru adult, with the goalies grouped in "teams" by age and ability. All ice work is done as an individual, with a partner, or in a "station" of 3-4. What **you** do is important, not what the goalie does next to you. Enrollment is limited to 36 goaltenders, first come, first served. This is a

commuter program. . . no housing is provided. Details on a host hotel will be provided in the final info sheet on our website. Ages are as of Dec. 31, 2012.

CONFIRMATION MAILING/REGISTRATION

Shortly after our receipt of your application and deposit, you will receive an acceptance statement with an explanation on how to access our website to print final detailed information on the program, and a medical form. **Registration will be Saturday morning at 7:40am. A full day will follow.**

COST/DEPOSIT/REFUND POLICY

The cost per goaltender is \$575 per session (U.S. funds). A **non-refundable** deposit fee of \$100 is charged and should be sent with the application form and is applied to your tuition. The balance of payment is due by **May 1**. The complete refund and payment procedure will be part of the information which you will print from the website. Full payment must accompany any new applications received after May 1, should space be available.
