

### All Divisions

1. The IRLLE All-Star committee will consist of the baseball committee members and the division commissioners.
2. The IRLLE All-Star committee will be responsible for recommending the All-Star Manager Slate to the Full Board for Approval.
3. The All-Star player selection process will occur **before** the All-Star manager selection process.
4. Any managers are **potential** All-Star Manager Nominees.
5. If there is more than one regular season manager who has an interest in managing a particular All-Star team, those managers will be interviewed by the All-Star Committee. The All-Star committee will vote and confirm the best nominee.
6. If there is only one manager who is interested in managing a particular All-Star team, that manager will be the official nominee. The All-Star Committee may still choose to interview the manager.
7. The nominated managers for each All-Star team shall then select their coaching staffs from the ranks of regular season managers or rostered coaches.
8. There is a significant time commitment required of the All-Star manager and coaching staff. All selected individuals must sign a written commitment document. If the selected coaching staff cannot meet the intense time requirements to perform their duties, then they should respectfully decline the selection.
9. The IRLLE Board of Directors shall confirm the All-Star managers and coaches by majority vote. The Board shall not unreasonably withhold its approval and the Board's review shall include, but not be limited to, the managers and coaches' on-field conduct, interaction with league officials, parents and players, and overall contribution to IRLLE at large.
