## **Basketball Facility Rules**

The MCAA is fortunate to have the support of the Johnston County Board of Education and the staff at McGee's Middle School. However, that support and permission to use the McGee's Middle School and Elementary School facilities are contingent upon our satisfying a few simple rules of engagement.

If these rules are not adhered to, we run the risk of losing access to the schools' facilities.

1. Absolutely no food or drinks are allowed in the gym or exercise room by players, spectators or any other person(s) using the gym. Food must be kept in the lobby.
2. No one is allowed to enter the gym closet. The equipment in the gym closet is off limits. MCAA property is stored in the concession closet only.
3. No one is allowed in any other part of the school except the gym during practices and games. All children are to be attended at all times.
4. All doors are to be secured prior to leaving the building. Do not prop doors for anyone to enter at any time.
5. The gym, concession stand and the bathrooms are to be left clean. Respect the property. If at all possible, leave it better than you found it.
6. All activities must be supervised by an adult, 21 years or older.
7. For the Elementary School - the gym and outer lobby area have to be vacated by 7:55PM. No exceptions.

The MCAA is happy to administrate community youth programs and we appreciate your assistance in these regards.
