

SUMMER PRESEASON RANKINGS

-  **OAK CREEK KNIGHTS**

Oak Creek won a share of the GMC and a Sectional Title. Three-quarters of that team returns this year including Illinois recruit Doran Turchin.
-  **WHITEFISH BAY BLUEDUKES**

Whitefish Bay won 27 games and the North Shore title last season. They are reloaded and stacked. Honorable Mention All-State Nick Lackney will lead the Duke pitching staff.
-  **GREENDALE PANTHERS**

A Woodland East Championship and a 29-win season should have the Panthers very excited about this season. Four 1st Team All-Conference players return as well.
-  **MENOMONEE FALLS INDIANS**

Second team All-State pitcher, Ty Weber, will put the Falls in a position of strength. They will have good team speed and will challenge Oak Creek in the Greater Metro.
-  **MUSKEGO WARRIORS**

The Warriors are the pick to win the Classic Eight. They have most of their starters and pitching returning this season.
-  **PLYMOUTH PANTHERS**

All-State player Zac Cain can dominate on the mound and crush the ball at the plate. He gives the Panthers a great chance to return to Mequon and the State Tourney.
-  **WEST BEND WEST SPARTANS**

The Spartans won 26 games last year and return almost all of their pitching and at least six starters from that squad. They will battle Whitefish in the North Shore.
-  **GREENFIELD HUSTLIN' HAWKS**

Greenfield won the Woodland East last year. They should be able to do that again despite that the conference is much stronger overall.
-  **MILWAUKEE MARQUETTE HILLTOPPERS**

The Toppers won 24 games last season. Coach Sal Bando, Jr. will have to rebuild his pitching staff if they want to defend their share of the Greater Metro.
-  **PEWAUKEE PIRATES**

Pewaukee won a Regional Championship last season. They'd like to go further this year as most of their starters are back. They'll challenge Greendale for the Woodland West.
