- F. Coaches must have appropriate coaching education Level as outlined by USA Hockey. Furthermore, coaches must submit and pass a background check to Missouri Hockey.
- G. At the beginning of each season, team meetings will be held. Each player, parent, guardian, and coach will be required to sign a code of conduct. Hazing, bullying, sexual harassment, and lewd behavior will not be tolerated. Such instances hazing, bullying, sexual harassment, and lewd behavior will be presented to the Discipline Committee.
- H. Player's fees will be established annually by the Board as stated in By-Laws. Fees may be paid by cash, credit card or check in full or by installments (maximum of 3) as set by the Treasurer at the time of registration. This can be done in person

or via mail. Address to be mailed to can be located on the Mid Missouri Tigers website (www.midmotigers.com). There will be a \$25 charge for each returned check. Registration fees may vary based on payment plan in accordance with the registration packet.

- I. Prorated registration fees only occur if a new player (a player who has never played for JCYH) joins JCYH after official registration date. An existing player cannot register late to avoid the full season registration fees, regardless of conflict with another simultaneous sport or other extracurricular activity.
- J. Players must be rostered on a JCYH team in order to practice with that team. In certain cases players may be dual rostered, in this case there is no proration of player's fees, full payment of registration fee is expected. Currently, the only time a player may be dual rostered is if they play for a High School team and a JCYH Midget Team. Girls may dual roster by playing on JCYH boys team (As we do not have a girls team) and one MO Hockey girls team.

Note On Credit Card

If you are paying in full at registration, it is not mandatory to have a credit card on file. If you are paying in installments it **IS** mandatory. If you prefer not to have your credit card charged the installment payment, the Registrar/Treasurer must receive a check **PRIOR** to the installment deadline.

If you are seeking a sponsor to help offset/ cover your players fees altogether, the funds must be in by the registration deadline or you will need to be set up on installments until those funds are collected. Should a player's fee become delinquent, that player will not be allowed on the ice (practice or games) until the debt is resolved.

If the delinquency is greater than one month, the player/family will be placed on the Missouri Hockey No Pay List which will not allow the player to participate, not only in JCYH, but forfeits the player's ability to play on other teams in Missouri Hockey.

K. Refund Policy:

1. It is the general policy of the JCYH to NOT refund any portion of the registration fees after you have committed your son/daughter to play. However, the Board recognizes that from time to time extenuating circumstances arise which may justify a partial refund of JCYH fees paid to date. All such situations should be presented to the Board President in writing, clearly stating the circumstances and the reason to support the refund request. The Board will act on the written request at its next regularly scheduled meeting and its decision shall be final. For season-ending injuries, a doctor's excuse will be required along with the written refund request.

2. Please note a refund is not provided to a player leaving JCYH due to not making their desired team (i.e. usually the higher skilled level team). If family/guardian decides to leave JCYH due to dissatisfaction of their players placement they do so with knowledge they sacrifice all fees. The player/family are also responsible for the entire registration fee and failure to pay will result in being placed on the No Pay List thus forfeiting their child's ability to play on other teams in the Missouri Hockey.
3. A player removed from JCYH due to disciplinary reasons will sacrifice all fees. The player/family are also responsible for the entire registration fee and failure to pay will result in being placed on the No Pay List thus forfeiting their child's ability to play on other teams in the Missouri Hockey.
4. Once Ad Book fees have been sold no refund will be provided if a decision is made to leave the JCYH club.

Section 4.3: Ice Acquisition

- A. Prior to the start of the season, the Board shall obtain as much ice as available at rinks feasible for Member use and consistent with the anticipated number of teams.

- A. Players shall indicate at registration or another time prescribed by the Board which Age Group(s) they would like to be considered to play at for the season, consistent with the requirements of the Governing Authorities.
- B. When there is more than one team in an Age Group, registered players will be divided into teams in accordance with the criteria in the JCYH By-Laws, (which includes skill, demonstrated conduct and demonstrated commitment).
- C. Registered players *must* participate in the selection process for a team within their Age Group, if there is such a process. If they do not participate in the team selection process, they *may* be assigned to the least skilled team in their Age Group.
- D. A registered player may participate in the selection process and be selected for an older Age Group team if there is an Age Group Player opening.

1. Moving up will only be allowed from one age level to the next higher age level. Players moving up to the “High School” level will be placed on the appropriate team (JV or Varsity) based on their evaluation score.
 2. The player that desires to move up must follow this procedure each year if he/she wishes to be considered for moving up:
 - A) Parents must submit a request in writing to the Director of On-Ice Operations PRIOR TO the start of player evaluations
 - B) The player must be evaluated at his/her level and at the level he/she wishes to move up to
 3. The evaluation score for the player will determine at which level he/she will play. The evaluation score for the upper level must place him/her as one of the **top 5 players**. If the player falls below that number, he/she will not be considered for the upper level team. The evaluation score for the upper level for a goalie must be the **top ranking goalie score at that level**. If the goalie is not the top ranking goalie at the upper level, he/she will not be considered for the upper level team and will be placed on a team in his/her own age level based on his/her evaluation score at that level.
 4. Other situations that vary from the above will be handled by the board on a case-by-case basis.
 5. If a player decides to move up an age level and it is detrimental to his age group, the Board may evaluate this situation and decline the request.
- E. If there is more than one team in an Age Group, the team selection process shall include not less than 2-hours of on-ice skill evaluation (See Section 4.5).
- F. All player on-ice skill evaluations shall be observed by at minimum of 2 evaluators. The evaluators may include the Head Coach and Assistant Coaches. These evaluators shall be selected by the Coach’s Committee. If one of the evaluators is an immediate family member then he/she may not evaluate his or her own family member in the on-ice skill evaluation though the immediate family member may evaluate other members.
- G. Upon completion of the skill evaluation, the evaluators shall divide the skill evaluation participants at the Age Group into approximately equal number of groups of skaters and goalies based on skill. Those players who could not participate in the scheduled skill evaluations shall be counted in the player numbers for the least skilled group until such time that they are evaluated. These players will then be placed on a team based on their skill. All players must be evaluated before being placed on a team. The head coaches shall advise the board regarding the team selections.

- H. The coach of the most skilled team shall select the most skilled team first. This coach shall select his team's skaters from the most skilled group of skaters as determined by the evaluators. Similarly, this coach shall pick at least one goalie from the most skilled group of goalies. This coach may select skaters and goalie(s) from any skill group to complete the team, but may not select any player who did not participate in the skill evaluations until such time that they are evaluated.
- I. Any skaters and goalies not selected from the most skilled group (as determined by the evaluators), shall then be added to the next most skilled group.
- J. The coach of the next most skilled team shall select the next most skilled team in the same manner as described above. This shall continue until all the teams except the least skilled team has been selected. The least skilled team shall be comprised of the players not selected for the more skilled teams.
- K. Player placement may be based on on ice skill evaluation, historic demonstration of conduct, performance and commitment.
- L. Should players quit JCYH following team selection but before rosters are frozen by the Governing Authorities, the Coaches in that Age Group may adjust team rosters with approval of the Board.
- M. The team roster submitted to the Governing Authorities shall include the team as selected and adjusted. With the approval of the Director of On-Ice Operations, additional team members may be added to this roster to help the team in emergency situations (e.g. a team with only one goalie may wish to roster another goalie to avoid obtaining Governing Authority roster changes on short notice or forfeiting a game). These emergency evaluations must be done on a case by case basis with the approval of the Missouri Hockey Commissioner. Players added to the roster in this manner will not be considered members of that team for routine JCYH activities such as practices (e.g. players are not approved to practice with two teams just because they are on two rosters.)

Section 4.5: On-Ice Skill Evaluations

- A. The on-ice skill evaluations shall be conducted on an Age Group basis using the USA Hockey Skills Progression handbook as a guide. This can be found on the USA Hockey website:

- B. In cases where behavior detrimental to a team by a player continues and other discipline methods are not successful, Coaches' may then discipline their player(s) by benching in accordance with Section 4.8 E.
- C. If behavior detrimental to the team by a player continues, the player's Coach may suspend that player for all team events until such time that the Discipline and Dispute Resolution Committee and the Board can determine appropriate discipline. If this committee and Board do not determine additional discipline within 30 days of the suspension, the suspension shall be over at that time, however, this committee and the Board may take additional disciplinary action at a later time.

Approval will only be given if there are compelling family reasons, personal hardship or significant team needs. Approval decisions will also be based on the rules of the governing authorities (i.e. league rules).

This letter must be sent to the age level representative within fourteen (14) calendar days of the action that led to the disagreement.

- E. This committee shall review the issue including conducting investigations and interviews, as they deem appropriate to determine the relevant facts. These investigations and interview shall be conducted at closed meetings and in other ways so as to reasonably maintain privacy. Upon completion of their investigation, the committee shall present their findings to the Board along with their recommendations regarding discipline. This committee shall achieve this via written or email communication on the recommendation of the dispute or discipline to the Secretary of the Board within fifteen days of the receipt of the written grievance to the Secretary of the Board. A copy of that response should be sent to the Secretary of the Board and the Board President

The Board will then review and decision on the matter is final and binding.
