

SCOREBOARD OPERATING INSTRUCTIONS - STADIUM

Power Supply

- 1) Turn on garage area breaker #31
- 2) Turn on breaker located on middle post of physical scoreboard
- 3) Turn on power switch on the back side of the scoreboard control panel

Select Sport

Interchangeable keyboard covers are stored on the bottom of the scoreboard control panel. Place the football or soccer cover in place for the appropriate sport. On these covers, a code will be listed, "7701" for example.

Pre-Sets

When the scoreboard control panel turns on, it will ask "Resume Game?". Answer NO. Options will also be given to ACCEPT or MODIFY the existing broadcast channels. Choose ACCEPT.

At this point, the scoreboard will be pre-set for your contest including game clock, score listed as 0-0, and assigned time outs remaining also listed.

Manual Changes

Game Clock: To change the time on the main clock, press EDIT MAIN CLOCK, then enter your desired time. When finished, hit ENTER, which will display the new time on the scoreboard itself. The game clock can start and stop by either using the green and red START/STOP buttons on the control panel, or by using the flip switch attached to the control panel.

Score: Based on the type of contest, options will be given for the home and away teams to select +1, +3, +6, etc.

Downs, Distance, Yard Line, Etc.: For all other elements of display, the operator should select the specific button (i.e. "Down"), enter the number, then select enter. Repeat steps accordingly and press enter when finished. If you make a mistake, hit CLEAR.

Team Names

To enter custom team names for the Home and Away teams, first remove the sport specific keyboard cover. This will expose an actual keyboard display.

Select MENU, and scroll using the arrow until you come to HOME ROSTER. Push SELECT. A blinking cursor will appear on the screen. Along the top of the keyboard, when entering "WEST", select 48 ROWS, 8 COLUMNS, and DOUBLE STROKE. Then enter W-E-S-T. Finally hit enter. The character limit is 8 characters.

When entering the visiting team, select MENU and scroll to VISITING ROSTER. Then select 48 ROWS, 8 COLUMNS, and SINGLE STROKE. Then enter the letters desired. Finally press ENTER. Both names should now be displayed on the scoreboard.

When complete, return the keyboard cover to its intended location for game operation.
