COMMUNITY

The Sandy Creek Youth Football Association strives to be an intrinsic part of Fayette County and its surrounding communities. We believe in developing leaders on and off the field of play. As such, mentoring our youth on how to give back in the areas where we work and live is part of our social responsibility.

Whether it be providing holiday dinners for deserving families, participating in special events for the cure of juvenile diabetes or cleaning our communities; these experiences give our kids new perspectives with the aim of developing them into productive citizens who leave a positive impact on all of us.
