We had a discussion regarding SDAHA playing levels. Most teams had a difficult season. Reasons are players that did not have enough experience in the previous level and being 6 months younger than the rest of the league players. While it was hard to experience, there was growth that happened as well. We will stay the course for at least the next year and evaluate from there.

Gary DY met with Bryan Kooi. He is volunteering to run a focus group to re-establish our mission and make sure that we are working towards our goals as an association

Reviewed the proposed player movement policy. Policy is approved as written

Concussion policy – Approved as written

ASC – Discussed process of hard dividers and pre-season ice. Jeff Visser has some contacts for a possible pre-season camp. This is a work in progress.

Reviewed the Association meeting.

- Concern raised about the lack of Squirt games and how teams were selected
- Volunteer points – more accountability is needed and will continue to be built moving forward.
- Suggestion of volunteer mentors for new families into the association. Board will work at implementing this for 2013-14

Thank you to Tommy Zerse and Cindy Witt for their years of service to the association.
