

As we begin our seventh year, the coaching staff will continue to need to lean on the community for support in the areas of time, money and resources.

Your ability to assist in donations in the monetary form as well as products continues to be greatly appreciated.

After our first six seasons, we saw a tremendous amount of support from local businesses and families. The donation of food and resources has been unbelievable. However, the acquisition of monetary funds will be essential to meeting some other needs as well in the area of game uniforms, equipment, basketballs and shooting aids.

With all of this being said, we, as a coaching staff, implore you to consider not only joining in our capital campaign but also be willing and able to serve with your time and your resources in the near future.

Building a First Class Program

Building a first class program takes the support of a local community. As a new school with a very limited business community, the Archer basketball program aims to recognize its sponsors in every possible way. In exchange for recognition, the boy's and girl's basketball programs will need to complete the following projects to put Archer High School among the best in the state in terms of facilities.

Archer High School

Capital Projects

- New Varsity Uniforms
- Video Service to break down film
- Concession stand furnishings to generate other revenues
- Shooting aids and other items at booster club discretion
- New Wooden Lockers for locker room
- Scholarship Fund
