Discussion about coming up with commissioners/directors for certain league positions. The positions don't have to be filled by board members. Want to get others involved and with the number of people that ran for the IYHL Board this year we realize there are others willing to help if asked.

Positions to be considered:

House League Commissioner

Travel Team Commissioner

Select Team Commissioner

Girls Team Commissioner-Michael Jasakiwecz

Communication/Web Site Chair

IYHL Head Coach

Director of Hockey Development

Back to Hockey Chair

Lucky Leprechaun Chair-Steve Pfefferle

Jerseys/Sponsors Chair

Learn to Play Chair

Spring Hockey chair

Spring hockey started today, 5 Pee Wee/Bantam teams and 4 Mite/Squirt teams. Had the continued problem of late sign ups and drop outs after teams and days were scheduled. So discussed if we should have a firm cut-off date and not add any other players after those dates for spring hockey or the regular season. When players are added or dropped after cut-off date it causes major scheduling issues, scheduling changes and delays the release of the schedule. After much discussion the Board wants to accommodate all kids who want to play so will take late sign ups but will increase late fee to \$100 and add that line to registration form. Need to try and explain to IYHL members how scheduling works and why changes are made. The IYHL is as accommodating as it can be and more than other sports leagues in the area, and benefits from its unique relationship with the Ice Box and not having to sign ice usage contracts.

Possible sign up dates for next season: July 25, Aug 1, and Aug 11 (Back to Hockey)

Drew Herendeen and Alex Regnery are to meet with Ice Box manager Mike Klute to begin transition of back room next to rink one into dry land training area.

Chris Kleva will represent IYHL at meeting with, South Bend Youth Hockey (owners of Ice Box) and, Notre Dame to discuss ice use for coming year.

Next meeting Sunday May 20<sup>th</sup> at 7:00pm at ice Box meeting room. Adjourned 8:20pm
