

NEW INFORMATION FOR DANCE COACHES: please read.

Attention Dance Coaches:

WACPC will provide a **Challenge Table** at the State Competition in LaCrosse to provide a fair competition.

Your tech deduction sheets will now be available to you approximately 15 minutes following your performance. They will be located at the end of the tally table.

You will have 15 minutes AFTER you pick up the sheets to file a challenge. You will be asked to cite the rule you are challenging and explain why you believe the tech call was in error.

If you have an email from a tech judge approving the move/stunt/lift etc. in question, you will be asked to produce it at that time.

The tech judges will review your video and/or email, and respond to your challenge. It will either be upheld, or reversed.

Coaches are cautioned that the review of your performance may reveal a violation that was missed by the judges during your live performance. A ruling could be made on that new-found violation, and a point deduction would then occur.

Should you have questions, please contact Sue Putra, WACPC President at sue.putra@gmail.com or call/text at 920-988-8548. In the event your question is not answered within 6 hours, please contact Julie Jacobson, Head Tech Judge at 608-764-5697.
