

"Premium Quality...Wholesale Value"

CHAMPION
Windows • Sunrooms • Roofs • Home Exteriors

Dear Parent's,

Champion Home Exteriors is pleased to partner with the Omaha Royal's to help ease the burden of costly extracurricular activities and support youth sports. Through project payback, Champion will donate 10% of its revenue generated through this program to your Omaha Royals team. Call the number below to schedule your free in home estimate and mention the Omaha Royal's referral.

Investments in home improvement are on the rise as the economy continues to improve. Homeowners are looking to make their properties more attractive, comfortable, and energy efficient—and they're turning to Champion, because only Champion offers premium, custom-designed, and custom-manufactured home-improvement systems that are backed with a lifetime warranty.

In addition, Champion is the only company in the home-improvement industry that is dedicated to single-source responsibility: We design it, build it, install it, and guarantee it. That means you only have one number to call for everything—from your free, in-home consultation to any support you may need along the way.

I hope you'll join Champion Home Exteriors in supporting youth sports. We are also offering this special program additional 5% off any current Champion advertised offer. If you have any questions about the fundraiser or would like to schedule a free in home estimate, I welcome your call at,

(402) 896-4600.

Sincerely,

A handwritten signature in black ink, appearing to read "Kieth Boetel".
