Subject: Newly approved OSA Operational Procedures updated Jan. 2017

The Ontario Soccer Association has updated and approved the OSA Operational Procedures for 2017.

The updated document can be found on the Governing Documents section of the [OSA website](#).

Please note the link provided above will be updated to reflect the approved **OSA Operational Procedures** and will take effect immediately upon release on **January 16, 2017**.

This annual review included multiple updates and changes that have been outlined in the attached 'Major Changes' document, which will also be available on the OSA website for your reference.

The OSA will continue to work towards keeping the Governing Documents of the Association updated and easily accessible to assist with the administration of the game across the province.

Please be advised that any changes made to the Operational Procedure that directly affect the administration and operations of soccer across Ontario, and are impactful prior to the end of the Indoor Season, will take affect at the end of the season, so not to disrupt operations.

This is a critical point and any questions in this regard should be directed to the OSA for full clarification if necessary.

[Click here](#) for the rationale for the operational changes.

For information or further questions regarding the OSA Operational Procedures please contact [Charonne Thomasos](#).

Clubs and their membership are asked to contact their local District Association if they have any questions.
