2017 Spring Season Power Skate Pilot

Integrate Power Skating and Stick Handling into practice planning

- In 2011 we integrated Carrie Keil's staff and Turcotte's staff into our practices plans.
- Provided more focused support for individuals which is required at the young age levels
- Appropriate amount of time spent on only skating matching young players attention span.
- Helped coaches who typically spent more time working on hockey, stick and game skills.
- Pilot this plan in the Spring 2017
 - Drew Brown or Capper/Majeski

Drill Zones

Break out pass TAPE 2 TAPE!!!!
We need to get players to open up as they receive the pass and all passes need to be tape to tape. Once players receive the puck they need to pass "quickly". In game we are constantly trying to carry the puck out of the zone instead of passing it out.

Heads up... look for coach (who is moving around)

1v1 Down Low
Coach dumps puck. First player to reach puck is on offense. Attempt pass to open player in front of net. On turnover of puck that player becomes offense.
Player in front needs to get open
Players in corner need to practice head checks

Turcotte Stick Handling

2v2 Down Low - Mark ice as shown in diagram
30 second shifts
2 X players (defensemen) start on knees
1 O player (forwards) start in each corner
Coach passes puck to one of the forwards
All players activate on pass from coach and play 2v2 down low
On goal or clear, coach spots new puck in corner to continue drill for 30 seconds

2017 Spring Season U6/U8 Weekend Tournaments

U6/U8 Tournament Play in Spring

- 4 tournaments scheduled for the spring season.
- Teams should change every week, this gives multiple kids a chance to win and keeps the competition at the kid level not the team level.
- Trophy and pictures should be introduced each weekend
- Goalies should be rotated every weekend. All players should be expected to be a goalie at least one time.
- 6-8 Coaches should be identified at the beginning of the season. They will have the responsibility to manage their team on tournament weekend.
- Official referee should be used. We need to introduce young referees into the game. Working with Paul Helber to certify Bantam level players.

To: District Directors & Council Members

Fr: Joe Spedowski, Chairman

Re: Try Outs Tier II

Today, we received a document dated January 2017 which revised the start of try-out dates based on discussion at the winter meeting held this past weekend. District 6 developed our own policy 2 years ago. As a district our dates are: Spring teams, Monday following the final MAHA tournament game(for that age division). Fall teams on or after May 1.

We need a vote from all associations to continue this. Based on the needs of the southeastern part of our district the associations of Ann Arbor, Chelsea and Jackson will follow the new state program found at : www.maha.org/2017Tryouts.

The rest of the district will vote to continue the policy listed above. (spring and fall) I need 1 vote from all association to affirm that we continue this policy. All votes are to be sent to me and dated prior to Sunday January 29 at 6:00pm.
