A Word from the NHARA President of the Board

Dear NHARA Members,

It has been a historic spring, summer and fall as we all learn how to live with the pandemic that has changed all of our lives. Skiers are social beings with a fervent love for everything outdoors. We don't tend to thrive when asked to remain indoors and not visit with our friends. Zoom has taken over how we maintain connections. However, we are a hearty lot. We are strong and resilient. Together we will all weather this storm and come out on the other side stronger for the experience.

It has been a busy time for all. Mountain managers, program directors, coaches and administrators have been working tirelessly throughout the summer to put together policies and protocols that will help keep everyone safe and able to enjoy the skiing experience. Coaches have crafted together multiple iterations of race schedules that will adhere to the new guidelines handed down from US Ski & Snowboard. Schedules will look a little different this year, not as many races. That can be a good thing. It allows us to spend more time skiing with our friends, enjoying the mountain, improving and expanding our skill set, just having fun! Race day will also take on a new look with new protocols in place that will allow for a safe race day experience for all involved.

In the end, we can't lose sight of the fact that we are still in the middle of a world-wide pandemic. For our season to be successful we must all work together. Each and every one of us must take responsibility for our actions. Follow the guidelines that your club has put together to keep everyone safe throughout the season. To ignore them or not take them seriously could affect the club's ability to operate safely and effectively. Following your club's guidance will go a long way towards everyone having a successful outdoor experience this winter.

On behalf of the NHARA Board of Trustees, I would like to wish everyone a safe and successful season!

Dan Marshall
NHARA President

Coaches Council

The NHARA Coaches' Council is dedicated to improving all facets of ski racing in New Hampshire. Open meetings are held regularly in the fall and spring and are open to all active New Hampshire coaches. We encourage all to attend.

The goals of the Coaches' Council are:

1. To provide an opportunity for all coaches to further their education through NHARA Programs or through programs available at a national level through US Ski & Snowboard or other professional organizations.
2. To share experiences and ideas with other coaches for the benefit of all.
3. To create a positive environment for our athletes to grow and achieve their goals.

To achieve these goals NHARA provides coaches with a forum for education and communication and offers financial aid for qualified continuing education programs.

All coaches must be US Ski & Snowboard members as a Professional Coach. There are other requirements also; see the US Ski & Snowboard website for details. All NHARA coaches must submit a copy of their current US Ski & Snowboard Membership Card to their respective Program Director or Head Coach, who in turn must submit a list of coaches to the NHARA Executive Secretary, Laurie Stevens. Only those listed coaches will receive NHARA Coaches Membership Cards giving them access to race courses.

The Coaches Council meets regularly at the PSU Ice Arena with all NHARA coaches welcome. The NHARA On Snow Coaches Clinic is calendared for Bretton Woods in early December 2019. See the NHARA website for further information.

A schedule of programs responsible for providing a certified referee at Seeded Races will be found on the NHARA website.

Coaches Council email address: nharacoachescouncil@gmail.com

The Coaches Council wishes all racers, coaches, officials, and parents a fun, healthy and successful 2020-2021 ski season.

NHARA Memberships for Volunteers and Officials

NHARA strongly encourages all officials and volunteers to become supporting members.

<https://www.skireg.com/nhara-membership>

Alpine Ski Racing

Each NHARA race event is sanctioned (scheduled) by US Ski & Snowboard and governed by the Alpine Competition Rules (ACR), which may be found in the Alpine Competition Guide, Chapter 7.

https://usskiandsnowboard.org/sites/default/files/files-resources/files/2019/2020_Alpine_Guide.pdf

Rules of the Eastern Region of US Ski & Snowboard may be found at:

<https://usskiandsnowboard.org/sport-programs/regions-divisions/eastern-alpine-region>

In addition, rules specific to NHARA events are contained throughout this handbook.

Alpine Officials

Serving as a race official is a fun and rewarding experience. The NHARA Alpine Officials Committee encourages parents and supporters to be actively involved in ski racing, to serve as positive role models and support fair and well organized alpine competitions. Please contact Mike Cosman (AO Chair) for information.(mfcosman@comcast.net).

Please go to <https://usskiandsnowboard.org/sport-development/officials-development> for an in depth look at the US Ski & Snowboard officials development program. Also, the NHARA Alpine Officials Committee provides reference information at www.nhalpine.org/page/show/3281793-ao-news-and-information

Alpine Officials Education

Through the support of the US Ski & Snowboard Alpine Official's Committee and corresponding educational materials, the NHARA Alpine Official's Committee conducts several educational clinics each fall. These clinics are open to anyone interested in being active as an organizer and/or volunteer official at alpine ski races. We encourage parents and friends of alpine racing to participate at a clinic. The schedule of Alpine Officials clinics in NH may be found at https://www.nhalpine.org/news_article/show/978912

It is a best practice for organizers, officials and volunteers to attend a clinic each year. In addition to a NHARA membership, race officials and volunteers are encouraged to join US Ski & Snowboard.

<https://my.ussa.org/myussa>

Volunteers

Volunteers play an essential role in every race event. All ski races including World Cup events are staffed with volunteers. Many NHARA races require between 35-40 volunteer workers (speed events may require more). Member clubs may welcome parents and friends traveling from other mountains to help at NHARA races.

Coach Officiating Requirements

Only currently certified Referees are eligible to course set at NHARA competitions. Coaches not already certified as a Referee are encouraged to attend Referee training, and take the US Ski & Snowboard AO Exam for Referees, given each Fall in NH. Referees must attend an update clinic every other year in order to retain current certification. Yearly update participation is strongly encourage

Racer Responsibility Code

1. Bindings must be in good condition and properly adjusted for the conditions. Goggles are essential.
2. Warm up for training and racing sessions. Stretch for at least five minutes before skiing. Warm up gradually on snow, skiing various radius turns, before skiing at racing speed.
3. Always carefully inspect a course before running it. Follow the inspection rules for the training session or race. Do not cross or go on to closed courses at competitions, and always be certain that practice courses are clear before proceeding.
4. If you fall and are unhurt, immediately signal that you are OK and quickly move a safe distance away from the course. Collect your gear and reorganize away from the active course. Always remain still while there is a racer on course.
5. Never free-ski on or near a closed race course except as allowed by the established inspection procedures.
6. Be sure to communicate with your coach when tired, ill, uncertain or afraid, due to snow or course difficulty, or lack of visibility:

8. When your run is complete, move immediately out of the finish area or away from the course. Make sure that you have an adequate finish area and safe room outside all courses.
9. Never jump or ski fast into an uncontrolled “blind spot”.

Racing for U16, U19, U21 & SRs

Various series of races within the Eastern Region form a pipeline – divisional (state) to regional to national to international events. The age groupings of seeded competitions allow for a designed progression of athlete development that may eventually lead to becoming nominated for the U.S. Ski Team. Advancement to upper levels of competition is based on performance. Constant monitoring of racer management is necessary to be successful and there is no true formula.

For questions about the policies, quotas or selection procedures as they appear here, please contact your coach or the NHARA Alpine Competition Committee (ACC) Chair.

U19/U21/SR

U19s usually have already established a point profile and should understand which events are important to their race management. The focus is on trying to make criteria for FIS races and qualifying for Championship events in March. Gaining entry to FIS races allows establishment of an International point profile, to continue improving a National point profile and establish eligibility for selection to regional, tri-regional and national events in the US Ski & Snowboard pipeline.

The **U21** and **SR** group is generally composed of the top tier skiers. The focus of this group is usually centered around FIS racing. These athletes may not attend a large number of NHARA events due to conflicts with the FIS schedule and training time. Both the athletes and parents of this group understand the system.

An International Ski Federation (FIS) License is required for any FIS racing and inclusion on the FIS points list. Only athletes born 2004 and earlier are eligible for FIS racing. <https://my.ussa.org/node/3971>

Racers born 2000 and earlier may also race in Masters Alpine races (excluding Championships). Go to the Masters Alpine Racing site for more information. www.nemasters.org

U16

The goal of the NHARA U16 program is to provide a framework that supports U16 athletes in continuing to develop their ski racing skills. NHARA's U16 program is focused on both fostering increased participation, and supporting development of athletes at all levels of competition and training.

The U16 calendar was put together to give NHARA athletes the opportunity to use the race schedule to meet their personal needs and to give clubs and teams a chance to provide larger training blocks for their athletes.

Scored Competitions

Most NHARA teams and clubs provide alpine ski training opportunities for U16 women and men, ages 14 and older. NHARA Scored racing opportunities of Open races, Macomber Cup, Tecnica Cup, MJ LaFoley Spring Series and Championship events are designed for easy entry to the sport, and strives to provide appropriate levels of challenge and racing experience. As skills develop, the more experienced racers can advance to regional events and beyond.

The Open Races designated as Macomber Cup and MJ LaFoley Spring Series races are subject to series specified limitations.

The Tecnica Cup Series races are *not* Open races and are limited to current NHARA U16 members only.

Scored competitions in NH include Slalom, Giant Slalom and SuperG.

All NHARA skiers eligible for participating in scores races in NH may enter any US Ski & Snowboard scored races within the Eastern Region at their discretion, provided they meet all eligibility requirements for those events.

Unscored Competitions for U16s

NHARA provides the opportunity for U16 athletes to have access to racing with less assertive competition. Those looking for these types of events are encouraged to review the NHARA Children's Schedule for events that include the U16 category.

Scoring US Ski & Snowboard Points

Only licensed US Ski & Snowboard athletes U16 and older may compete in US Ski & Snowboard scored competitions to have their results appear on the National Ranking System List.

Seeding for Scored Races

The start order of each scored competition is determined by an athlete's points on the most current US Ski & Snowboard National Ranking List. The 15 best point holders are randomly drawn, creating a first seed. The remainder of the field will run in point order.

Those with 999.99 will create a single seed and will be drawn randomly by computer, to run after all point holders.

Second run order is 'flip 30' based on first run times, with the 30th fastest running 1st, 1st fastest running 30th then 31st and up in result order. DNF's and DSQ's may take a second run in bib order after the result order, if jury approved.

SuperG uses the same seeding procedure. SG does not have a second run.

Refer to the US Ski & Snowboard Competition Guide for a full explanation of the point ranking system.

<https://usskiandsnowboard.org/sport-programs/rules-equipment>

Points need correcting?

New Hampshire racers who believe that their seed points are incorrect should contact the NHARA State Chair as soon as possible by email. Do NOT contact Eastern or US Ski & Snowboard directly.

Please give your name, address, US Ski & Snowboard number-and a copy of the race result(s) in question.

Your impression of what is wrong is essential. A check of the US Ski & Snowboard website may help.

Athletes must be members of US Ski & Snowboard and NHARA no less than 10 days prior to a Macomber Cup event in order to be included in that event day's ranking. No awarding of place points will be re-figured subsequently to include racers who join NHARA late, whether the late joining was to take advantage of an unexpected result or because of an earlier oversight.

A full field shall be 100 athletes. The SuperG event organizers have the right to limit the fields to a smaller size.

Entry Policy: Athletes must be U16 and older. For the 2020-21 season, Macomber Cup races are open only to NHARA athletes, no out-of-state entries will be allowed.

Series Scoring: Macomber Series Points are distributed after each race. Macomber Series points use the "NHARA Method Points Scale" allocated to the top 40 eligible finishers in each Macomber Cup competition.

Independents (IND) will be skipped over when determining ranking points from each race.

Each race contested in the series will be counted. The first SG of the NHARA SGs will be considered part of the Macomber Cup Series. The running order for the second SG will be redrawn, but the race results will not be used for 'Mac Cup' scoring.

Macomber Cup standings may be found on the NHARA website.

Mac Cup series awards are given out at the UNH Fundraiser at Loon in March. 1st Place M/W receive mountain bikes. A team award is also given, the trophy for which is on display at the New England Ski Museum in Franconia.

Tecnica Cup Series

U16s Only

(Schedule subject to change)

Men: Jan 28, Feb 7, Feb 20

Women: Jan 27, Feb 6, Feb 21

The goal of the NHARA Tecnica Cup Series is to select the highest performing athletes to represent NHARA at the Eastern U16 Championships- Ronnie Berlack Grand Prix (pending for 20/21).

All races in this series will be scored to the US Ski & Snowboard National Ranking List.

Tecnica Cup Eligibility: Only U16 athletes affiliated with a NHARA club program are eligible. A current US Ski & Snowboard Competitor License is required. A current NHARA membership is required. Independent athletes (IND) and out-of-state athletes are ineligible for the Tecnica Cup Series.

Athletes must be members of US Ski & Snowboard and NHARA no less than 10 days prior to a Tecnica Cup event in order to be included in that event day's ranking. No awarding of place points, or selection to quotas will be re-figured subsequently to include racers who join NHARA late, whether the late joining was to take advantage of an unexpected result or because of an earlier oversight.

Race Entry: Advance registration (online only) for each race is required. Racers who do not enter Tecnica Cup events by the published entry deadlines will not be allowed to race.

Tecnica Cup Scoring: Each race will create a result ranking using the World Cup Place Points Scale. Each race run and the overall race result will be ranked. At the completion of the series, each athlete's best 3 of 7 possible result rankings by World Cup Points will be totaled for the purpose of selection.

World Cup Place Points Scale: 100-1st, 80-2nd, 60-3rd... 1-30th. Not scoring in the top 30 of an event, or DNF, DSQ, DNS will be scored as 0. Refer to page 37 of the [US Ski & Snowboard Competition Guide](#) for a complete description of the World Cup Place Points Scale.

Tie Breaks: In the event of a tie in the 2 result scoring, each athlete's next best World Cup result from the Tecnica Cup races will be used for ranking.

SG Scoring: There are 2 SG's and only 1 can be used as a 'score' for the Tecnica Cup standings. Either one can be used, but not both. This keeps the scored runs at 7 total since only 1 SG may be used. The first SG (run 1) of the 2 is used to determine the 'State Champion'. This is what was done in 19/20.

Qualification to Championship Events:

U16 Eastern Championship - Ronnie Berlack Grand Prix: The NHARA quotas to the U16 Eastern Championship will be filled from the final World Cup point rankings of each athlete's best 3 results. (a maximum of one SG result may be used).

NHARA Quotas to the U16 Eastern Championships will be divided between genders. Each gender receives a percentage of the total NHARA U16 racers on the start lists at the first non SG race of the Tecnica Cup Series. Example: 110 boys, 90 girls = 55% boys, 45% girls. NH Quota of 40 = 22 boys, 18 girls.

NHARA MJ LaFoley State Championships: The U16 quota of 70 women and 70 men to the NHARA MJ LaFoley State Championships will be filled from the final Tecnica Cup point rankings of each athlete's best 3 results. (a maximum of one SG result may be used).

If the quota of 70 women and 70 men has not been filled by this selection, the remainder of the quota will be filled by ranking the remaining athletes by place points. An athlete's best 3 place points (a maximum of one SG result may be used) will be used for ranking.

NHARA State Finals: The NHARA State Finals will be open to all NHARA U16 and U19 members that have not qualified for the U16 Eastern Championships or the NHARA MJ Lafoley State Championships. Entry for the NHARA State Finals will be on a first-come, first-serve basis

Race Awards: Each hosting club of a Tecnica Cup race shall provide awards for a minimum of the Top 3 finishers.

Tecnica Cup Series (Individual) Awards: To the top 5 Women / top 5 Men in the six race series using World Cup points. Each race in the series will be used for scoring, including both SG's. The Tecnica Cup trophy is inscribed with the top M/F point winners. The respective series winners received Tecnica Race boots, with the next 4 awarded with Tecnica merchandise.

Tecnica Cup Team Trophy Award: To the top team in the 6 race series. Each team's top 4 results (regardless of gender) will be used from each race of the series (SL1 M&W, SL2 M&W, etc.). Awarding of ranking points for each race will be 1st place=50 points, 2nd=49, 3rd=48... 50th place=1 point. Each race in the series will be used for scoring, including both SG's. The Tecnica Cup Team trophy will be inscribed with the top team's name.

Tecnica Cup Series Awards and Tecnica Cup Team Trophy Awards will be presented following the Annual UNH Fundraiser race at Loon in March.

Children's Racing in New Hampshire

NHARA Children's racing programs provide opportunities for girls and boys ages 13 and under to develop their skiing skills and experience the fun of competitive alpine ski racing.

The NHARA U10 / U12 / U14 Children's racing program of Skills Days, Open races, Divisional races and State events is designed for easy entry to the sport and strives to provide appropriate levels of challenge and racing experience for each age group.

As skills develop, the more experienced racers have been provided the opportunity to advance to regional events and beyond. For the 2020-2021 season, NHARA athletes will be limited to racing in NH only. No Eastern Region-wide youth events are calendared for 2020-2021.

All participating children must have the necessary US Ski & Snowboard Competition Membership and NHARA Membership. Both memberships are required to be current for participation in any U10 / U12 / U14 US Ski & Snowboard sanctioned racing or training event.

New for the 2020-2021 race season:

- US Ski & Snowboard determined children's racing will begin after December 31.
- All US Ski & Snowboard events will be limited to 100 skiers on-site.
- U14 and younger skiers, licensed in NHARA, may only race in sanctioned events in NH.
- Youth races will be seeded by team and athletes will stay within their 'cohort' group.
- There are fewer Open Races scheduled in NHARA.
- In accordance with US Ski & Snowboard requirements, entering races will be a two-step process this year, for you to complete timely medical clearance paperwork.
- Organizers are strongly encouraged to conduct 3 runs when hosting a SL or GS competition, as weather and snow conditions allow.
- If Parallel (dual) format is used, it will consist of 4 timed runs. Re-dress of both courses is strongly encouraged after the first two runs.
- No on-site Awards ceremonies may be conducted.
- Each host ski area will have specific protocols for athletes and parents to follow when visiting their resort.
- All events shall be conducted in accordance with US Ski and Snowboard, State of New Hampshire and host resort COVID protocols regarding skiing, training and competition.

U8's (YOB 2012, 2013....)

U8 activities (6 & 7-year-olds) are organized at your home area. Club events should be calendared that focus on measurable skills in a fun, positive, age appropriate athletic environment, emphasizing the development of the fundamental skiing skills of balance, agility, basic carving and coordination. Lots of at home skiing, games and team activities is encouraged for this group. U8s in NHARA are not eligible to participate in Open or Divisional races.

For U10s (8 & 9-year-old) in NHARA, opportunities are provided to participate in organized U10 Skills Events within their division, and a very small number of statewide age appropriate U10 only Open races. Club activities should be calendared to focus on measurable skills in a fun, positive and athletic environment, emphasizing the development of the fundamental skiing skills of balance, agility, basic carving and coordination. Lots of at home skiing, games and team activities are encouraged for this group. There are no Divisional or State events for U10s in NHARA.

NHARA U12 Dual Days

As previously noted, US Ski & Snowboard (USSS) requires race field sizes to be limited to 100 racers for the 2020-2021 season.

As well, in the spring of 2020, the USSS Eastern Region Children's Committee mandated each Eastern Division to eliminate the scheduling and use of qualifying races for U12 and younger skiers. NHARA is one of eight Eastern Region Divisions.

To meet these requirements yet provide a state-wide racing opportunity for each of our ~400 NHARA U12 participants, 4 separate competitions – Dual Days – will be hosted in late February.

Quotas:

Each race will be filled by determining the date of birth of each licensed U12 athlete, by gender. As of February 2, all NHARA licensed U12 girls will be listed in date of birth order (month/day only. YOB not considered). This 'birthdate list' will then be split and populated evenly. The birthdate list will not be made public and will be created for internal use only.

The earlier ½ of the birthdate list will be eligible for the girls Dual Day One and the later ½ of the birthdate list will be eligible for the girls Dual Day Two. The same procedure will be used for the boys.

The birthdate list split will be posted on the NHARA website no later than February 5.

NHARA U12 Dual Days	Dartmouth Skiway / Sunapee	
Saturday, 2/27/21	Sunapee	Group One Girls
Saturday, 2/27/21	Dartmouth Skiway	Group One Boys
Sunday, 2/28/21	Sunapee	Group Two Girls
Sunday, 2/28/21	Dartmouth Skiway	Group Two Boys

Entering: All NHARA licensed U12 athletes are eligible to attend a Dual Day. Each youngster must register online by Tuesday evening, February 23. Late entries will not be accepted.

Each event will organize an online payment portal for families to use to enter their race and make entry fee / lift ticket payments. As well, plan to return to the online entry portal within 24 hours prior to race day to sign and confirm any and all-time sensitive releases and wellness clearance

documentation necessary for event participation. Please be sure to abide by the necessary event deadlines to insure your entry. Uncompleted forms or late payments will NOT be available at the race site, resulting in the athlete not allowed to race.

Start Orders: Each NHARA Dual Day will be four (4) runs. Athletes will be randomized within their team entry. The seeding order will then be randomized by team. Finally, the field will be split in half, with each half getting one run on each course. 2nd run order will be the same as the first. 3rd and 4th runs will be opposite order of 1st and 2nd runs. DNF's and DSQ's will run in their seed order each run.

Courses: Parallel courses with paneled gates. See US Ski & Snowboard ACR rule U1220 for guidance. Vertical drop should not exceed 70 meters, with distance from turning pole to turning pole varying between 11 and 14m. A full re-dress of the 2 courses should be organized between the 2nd and 3rd runs.

Scoring: The first two (2) runs will be combined to determine Individual awards.

Awards Presentation: To be provided online. No public awards ceremony will be held.

Individual Awards: 1st, 2nd, 3rd place combined time trophies.

Team Awards: No Team awards will be presented for the 2020-2021 season.

Other: The TD is strongly encouraged to nominate an Assistant Referee to the jury. This allows 2 jury members observing and controlling each course.

U14 Racing (YOB 2007 & 2008)

The NHARA U14 (12 & 13-year-olds) program consists of races of Slalom (SL), Giant Slalom (GS), Super-G (SG) and Parallel (P) events throughout the season. All NHARA U14 participants will have the opportunity to race in designated age group Divisional race events. And for the 2020-2021 season, NHARA will host state-wide events for every licensed U14 NHARA member.

In a 'normal' season, NHARA was to host an all-inclusive state-wide U14 Championships, leading to selections to the Eastern U14 Championships, and to the Piche Invitational in mid-March. As well, from the Eastern U14 Championships, a team representing the East is selected to compete with Alpine Quebec and Alpine Ontario at the non-scored U14 Can-Am Races at the end of March.

Unfortunately, the Eastern U14 Championships, Piche Invitational and U14 Can-Am Races are canceled for the 2020-2021 season.

U14 Scoring to the National Ranking List

All second year U14s (YOB 2007) in the US Ski & Snowboard Eastern Region are usually eligible to compete in US Ski & Snowboard scored competitions each spring, this year to have begun March 17, 2021. Second year U14 racers could race in scored competitions outside of NH too, within the Eastern Region, dependent on eligibility. They were not eligible to compete in scored SG's as a U14. U14 results earned at scored SL and GS races were to be credited to the US Ski & Snowboard National Ranking List.

U14s planning to race in scored races had to meet the entry deadlines for NHARA athletes as published.

For the 2020-2021, U14s are NOT eligible to enter or compete in US Ski & Snowboard scored competitions in NH or anywhere in the U.S.

U14 Divisional / Ranking Races

The four NHARA Divisions are configured prioritizing geographical compatibility and manageable field sizes.

NHARA Children's Divisions:

Eastern: Attitash, Bretton Woods, Cranmore, King Pine, Wildcat

Central: Abenaki, Crotched, Gunstock, McIntyre, Pats Peak

Northern: Franconia, Loon, WVBBS

Western: Cardigan, Ford Sayre, Mount Sunapee, Ragged, Whaleback

For 2020-201 (U14s):

- Each NHARA Divisions will host four (4) Divisional U14 races.
- Scheduled races will host both boys and girls.
- Fields will be limited to 100 skiers, with divisional exceptions.
- Three of the four races within each division will be held between January 1 and February 21.
- Two of the three Divisional races prior to February 21 will be designated as U14 Ranking races.
- Each Division will choose the event disciplines to be hosted: SL, GS or Parallel.
- Designation of the two (2) Ranking races and disciplines to be contested is left to each Division.
- SL and GS races are encouraged to be 3 run events. Course re-setting is strongly encouraged for each run.
- Parallel races are encouraged to be 4 run events. Course re-dressing is encouraged between 2nd and 3rd runs.
- For traditional combined time awards, the first two (2) runs of a Divisional / Ranking race may be totaled.
- No on-site Awards ceremonies may be conducted.

Club Affiliation Required:

Only athletes affiliated with a NHARA club program are eligible for U14 Divisional racing within their Division. Independent athletes or youngsters from another NHARA division cannot attend.

Entering a U14 Divisional / Ranking race:

Athletes may only enter Divisional races within their team's designated NHARA geographic division. Each event will organize an online payment portal for families to use to enter their race and make entry fee/lift ticket payments. As well, plan to return to the online entry portal within 24 hours prior to race day to sign and confirm any and all-time sensitive releases and wellness clearance documentation necessary for event participation. Please be sure to abide by the necessary event deadlines to insure your entry. Uncompleted forms or late payments will NOT be available at the race site, resulting in the athlete not allowed to race.

Start Orders at U14 Divisional / Ranking races (2 runs):

By gender, athletes will be seeded by team. Each athlete will be randomized within their team group. The order of teams will then be randomized. Second run: reverse the entire field by gender. Girls run first each run. All skiers receive a 2nd run.

Start Orders at U14 Divisional / Ranking races (3 runs):

By gender, athletes will be seeded by team. Each team will be randomized within their team group. The order of teams will then be randomized. Each entry list will be divided into thirds as reasonably as possible considering team groups, so each third may rotate up the start list for the next run. Girls run first each run. All entrants may participate in all 3 runs in order of seeding.

Courses at U14 Divisional / Ranking races

Based on weather and snow conditions, the race jury will decide prior to the beginning of the second run whether a third run should be held. The 3rd run may be held on one of the two previously set courses. In such a case, a full course re-dress must be conducted by the event crew and approved by the jury.

Awards Presentation: To be provided online. No public awards ceremony will be held.

Individual Awards: As determined by the organizer.

Results: Available at www.nhalpine.org Available at www.NHARA.org.

U14 Ranking Races

Events designated by each Division as Ranking races will be used to determine eligibility to the NHARA U14 State Finals or the NHARA U14 State Champs.

Each Division will host two Ranking races. Divisions will host their Ranking races no later than February 21.

Each run (up to three (3) runs per race day) will be scored using simple place point rankings (1st=1, 2nd=2, etc). At the completion of that division's two Ranking races, each athlete's best two (2) of six (6) run rankings are combined. If a Ranking run or more is lost, use one (1) less than half the number of runs contested.

Divisional quotas will not be expanded to the Championship due to ranking ties. Best of two (or one) scoring ties for the last ranked selection must be broken by continuing to each athlete's next best run result.

For the purpose of traditional combined time awards, the first two (2) runs of a Ranking race may be totaled.

Your home program will be sharing complete details of your division's program.

NHARA U14 State Champs

NHARA U14 State Finals

NHARA desires to provide state-wide racing opportunities for every level of our enthusiastic U14 participants: We respect that racing is challenging and exciting. We recognize that racing is most fun and rewarding for all children when they are competing with athletes of similar skill and ability. We support the notion that providing appropriate levels of competition is healthy.

Quotas:

The field sizes for the U14 Finals and Championships will be split evenly, based on the total U14 population of each gender in NH.

Each NHARA division will receive a quota for each event based on their proportional percentage of the state's U14 age group membership population by gender. The field sizes and division quotas will be determined using the current NHARA memberships as of February 2, 2021. Quotas will be posted on the NHARA website by February 5th.

Eligibility:

Simple place point rankings (1st=1, 2nd=2, etc), using single run results from the Ranking races will determine eligibility to the NHARA U14 State Championship. Divisional quotas will not be expanded to the Championship due to ranking ties. (See U14 Ranking Races).

Athletes with the fewest quota points from each division may enter the U14 State Champs. Ties will be broken by continuing to each athlete's next best run result, not included in the quota calculation.

Athletes who are not selected to the NHARA U14 Championships are eligible for and strongly encouraged to attend the NHARA U14 State Finals.

Procedure:

Division chairs will submit their up to date ranking lists (including each run result) to the respective event race administrators and the NHARA Children's Racing Committee Chair, (as well as to the NHARA website), immediately after each and final Divisional Ranking event.

Please include Last, First, Gender, YOB, Club, US Ski & Snowboard and NHARA membership numbers on Divisional Ranking lists. Ties for the final selection of each gender must be broken before submitting the division list.
