## 21st CCLC Funding Reserved

*On May 1, 2017 Congress broke news at the Nation's Capitol about the passing of the omnibus spending bill. Thanks to this bill 21st Century Community Learning Centers received a significant increase in funding. To find out more about the increase, read the article written by Erik Peterson featured in the [Afterschool Alliance blog](#) below.*

Congress increased 21st CCLC funding by \$25 million over the FY2016 level, to \$1.19 billion—a win for children, families and the country. The proposed increase means doors to quality local afterschool and summer learning programs will stay open for 1.6 million students and families. Additionally, it will make programs available for 25,000 of the 19.4 million students currently waiting for access.

This increase is especially noteworthy following [President Trump's proposal to eliminate the program in his FY2018 budget preview](#), which drove friends of afterschool to reach out to Congress with more than 57,000 calls and emails, energized supporters to turn out at town halls in their communities, and prompted more than 1,400 local, state, and national organizations to sign a letter in support of Community Learning Centers. Champions of the program on Capitol Hill showed strong support for Community Learning Centers as well, with 81 members of the House coming together across party lines and signing a letter in support of the program. A huge thank-you to all who worked so hard in support of Community Learning Center funds.

## Apply for the National Afterschool Matters Fellowship

Out-of-school time, education, and youth development professionals in mid-career are invited to apply for the National Afterschool Matters (NASM) Fellowship, a two-year leadership development program that better positions them to inform and contribute to the quality of out-of-school-time programs, practice, and the broader field.

Fellowship includes:

- A collaborative process of study, conversation, and engagement within a community of OST professionals in a shared investigation of OST practice, policy, and experiences;
- Direct, hands-on inquiry-based research, learning, and writing, under the guidance of experienced mentors;
- Leadership development, designing and delivering training/presentations for peers, administrators, parents, and community members;
- Product preparation for dissemination, such as briefing papers, conference presentations, blogs, workshops, photo essays, and articles for professional publication;
- Two retreats at Wellesley College, led by NIOST and NWP (travel stipend provided);
- A participation stipend each year.

**Apply by May 31, 2017**
