Rhys James warned for racing in wrong category; previously registered in B; 10 points removed 15 June

Upgrading - occurs at end of each 6-week session except in rare instances where, on race committee approval, a rider may be moved.

In so doing, the rider will maintain her points in the exiting category but will not carry points forward to the new category.

Ties - broken by the following: Number of firsts, number of seconds, and so on.

18 May - rider 296 given a 5th in Elim and 1st in Temp; number doesn't match, assumed PK

denotes upgrade

5 pts for 1st; 4 for 2nd and so on to 5th
