

Installing the SportsEngine Mobile App

The SportsEngine mobile app is available for iOS and Android devices and is available on the Apple App Store and on Google Play.

For Your iPhone Device

To install the SportsEngine app on your iPhone, do the following:

1. On your device, open the App Store.
2. Search for SportsEngine.
3. Tap the **Get** button to begin installing the app.
4. Open the app on your device.
5. On the **Settings** tab, tap **Account** and tap the **Sign In** button to sign into your SportsEngine account.

For Your Android Device

To install the SportsEngine app on your Android, do the following:

1. On your device, open Google Play.
2. Search for SportsEngine.
3. Tap the **Install** button to begin installing the app.
4. Open the app on your device.
5. On the **Settings** tab, tap **Account** and tap the **Sign In** button to sign into your SportsEngine account.

Finding and Following Teams

Any teams for which you are a member will automatically appear in the **Favorites** tab when you first log in. Teams that you want to follow (but are not a member of) will also appear in the **Favorites** tab after you add them.

Finding a Team

Please search for your team using the **Team Name**

Step 1: Search using the Team Name in the App

1. Log into the mobile app using your SportsEngine username and password.
2. Tap the Search icon in the upper right of the screen.
3. Search for a Team within the App by Team Name in the Search field and select **Search**.

Pro Tip: Click the star icon next to a team when searching it to add it to your **Favorites**, so you don't have to search for it again

Removing a Team from Favorites

To remove a team from your Favorites, swipe left on the team and then select **Remove**.
