

Dallas Nationals Bluetooth Door Entry

Welcome to the Dallas Nationals! One of the perks of being a Nat is a BYD membership with unlimited access to our indoor facility. Admittance after hours is granted by the use of your smartphone. Details on how to install and configure our app is below. You will need to install our app on the cellphone belonging to the MAC address you provided on your son's registration.

Pre-requisites (download only for Android devices – Apple proceed to step 2):

- 1) Download/Install "EKey Unlock App" from your phones App Store. You may need to trust the App on Apple devices

A screenshot of the EKey Unlock App on an iPhone App Store page. At the top, there's a banner showing a smartphone with a Bluetooth signal, and three red circles with slashes over them, indicating that the app is not available on the App Store. Below the banner, the app's icon is a green key. The app title is "EKey Unlock App" by VIZpin Inc., rated for "Everyone". There are two buttons: "UNINSTALL" and "OPEN". Below these are four icons: "1 THOUSAND Downloads", "4.0" rating with 17 reviews, "Tools" category, and "Similar" category. At the bottom, there's a green bar with a starburst icon and the text "WHAT'S NEW".

2) Next step is to pair your phone to the door. To complete this step press the circle on the keypad located on the side of the door for 3 seconds and release. You will see the lights blink red/blue. Once in pairing mode:

a. Smartphone process:

- i. Goto Settings
- ii. Select Bluetooth
- iii. Under Devices, Select ECKey EK6XXXX
- iv. PIN screen will appear, enter 1234 and press PAIR
- v. Once paired, press the circle once to put the door back into mode.
