

Valley City PeeWee, Bantam and 12U Hockey Players: If you select your individual team's Tag on the Viper website calendar, all PWA, PWB, Bantam B1, Bantam B and 12U events will show up on the calendar. This is because we have those teams linked to Jamestown's calendar using the iCal function. Loading each team's iCal feed separately puts a lot duplications on our calendar, so this is the best/easiest way to have the PROWL team's events on our calendar. If you want to sort your own PROWL team and not see all of the other team's events, go to Jamestown's website and use their calendar to select your individual team's TAG. See below for instructions.

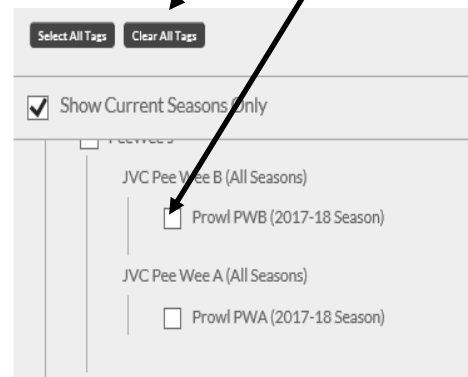

Jamestown's Calendar

1. [Click for Jamestown's site](#)
2. Click "Show Tag Menu" towards the bottom of the calendar
3. Click "Clear All Tags"
4. Select your team(s)
5. All events for your team(s) should show up on the calendar.

VC Termites, Mites and Squirts

Valley City Termites, Mites and Squirts can follow these same instructions, but using our calendar instead.

Mobile Device or Tablet

When using a mobile device or tablet, click this icon on the home page for the menu. It's where you can find the calendar.
