SPORT ADVISORY GROUPS

In June 2012, the SHSAA Provincial Council placed the responsibility of maintaining the Policies of the SHSAA on the elected members of the SHSAA Executive Council. To assist with this task, the Executive Council may establish sport specific sub committees to review the current policies pertaining to the 10 activities of the Association. The SHSAA is entering the sixth year of establishing Sport Advisory Groups.

The SHSAA annual handbook is color coded; Constitution / Bylaws are blue pages while Policies / Activities are white pages. Proposed amendments to Constitution and Bylaws can be brought to the AGM by a District, School Division (Member), or the SHSAA Executive Council. Proposed amendments to Policies are brought to the AGM by the SHSAA Executive Council. In addition to the annual review of Association activities by the Sport Advisory Groups, the Executive also welcomes input on policy change from districts, school divisions, schools, and individuals. The Executive may defer certain suggestions / topics to the Sport Advisory Group for further analysis to determine the overall impact on the SHSAA.

Members of the SHSAA Executive Council chair each of the 10 Sport Advisory Groups. Prior to June of each school year, the chair of the Sport Advisory Group will contact the current members of the group to determine interest in continuing for another year. Applications to become a member of a Sport Advisory Group can be submitted on-line ([Sport Advisory Group Application](#)) or by completing the application forms available at the AGM. Following their September meeting, the Executive Council will notify the SHSAA membership of the individuals who will be serving as committee members of the Sport Advisory Groups for the current school year. The Executive will ensure a rotation of individuals through the Sport Advisory Groups due to interest shown by school sport enthusiasts. There is no defined term for committee members but it is expected that most individuals will remain on the Sport Advisory Group for at least two years.

The role of the Sport Advisory Groups may include but is not limited to:

- Meet as required through email, scheduled on-line meetings, or when available at provincial championships and SHSAA AGM
- Each group will carry out an annual review of the Association activities – this may, or may not, lead to suggested changes for the activity
- Receive feedback from individuals / groups and report to members of the Sport Advisory Group for discussion
- The chair of each Sport Advisory Group will provide, for review, a summary of the event evaluation forms received for the current year
- Propose areas of study or change for the consideration of the SHSAA Executive Council

The chair of each Sport Advisory Group will report to the SHSAA Executive Council at their regularly scheduled meetings. The Executive Council will provide feedback to the chair of the Sport Advisory Group as to the Executive position on various topics submitted for consideration.

The Sport Advisory Groups for the 2018-19 school year are as indicated in the document following this correspondence. The Groups are also listed on line with specific contact information at <http://www.shsaa.ca/page/show/824029-sport-advisory-groups>

Sincerely,

Lyle McKellar
Executive Director, SHSAA
