

North Region Approves “No Weigh In” Tournament Procedures

New for this season, MYWAY North Region will be going to a “no weigh in” format. The procedure will be as follows:

- A wrestler shall declare his/her weight class at the time of on-line registration.
- Skin Checks to be done by officials **20 minutes prior** to the start of each round. Wrestlers will be marked as passed by officials.
- 20 minutes prior to the start of wrestling, one mat will randomly be drawn to be audited. All wrestlers for that mat must then weigh in prior to competing. Any wrestler more than 2 lbs over the weight class will be disqualified and his/her name recorded. A second missed weight will result in disqualification for the remainder of the season.
- Club President/coach/designated agent of wrestlers/unaffiliated wrestlers for that tournament will be able to challenge the weight of any wrestler in the tournament. Any challenged wrestler must then weigh in immediately at the head table. If the wrestler is **more** than 2 lbs over the weight class they will be disqualified and his/her name recorded. If the challenge is unsuccessful, the Club that challenged it will have their failure recorded. Clubs get **3 challenges per season**, once a club/unaffiliated wrestler has had 3 failed challenges, they will be ineligible to challenge for the remainder of the season
- Coaches must be designated by the Club President ONLY. **If you do not have the background check required by MYWAY done and on file, you will not be recognized as a coach in the challenge process.**
- If a wrestler has been disqualified, for all future tournaments he/she must weigh in at a satellite weigh-in.
- This format will not be used for the North Region Regionals or the MYWAY State Finals.
- If a wrestler is wrestling at a tournament that does not use the “no weigh-in” process **he/she must weigh in at a weigh-in site.**

North Region Tournament “No Weigh In” Procedure

Steps for registering your wrestler:

1. By 10 pm on Thursday you must register for the tournament you are attending. When registering select an age group. You must choose the proper age group so that the correct weight classes appear.
2. Choose the weight class that you are entering your wrestler for from the list. Do not enter an actual weight, but select one from the drop down menu.
3. Click “Submit” and your wrestler is registered.

If you click the wrong weight class or need to make a change, you may do so up until the charts are posted on Saturday. **Coaches only** email to cjbeeson72@gmail.com
