15. Click on 'Finalize Game' in upper left corner of main screen

16. Enter initials of person scoring game and click on 'Finalize Game'

NOTES:

Events (goals, penalties, or shots) can be edited during the game by clicking on that event on the left side of the screen (Play List) and then correcting that event on the right side of screen.

To add an overtime:

1. Click on 'Menu' at upper left side of page

2. Click on 'Game Settings'

3. Click on 'Add Period' and then 'Save Game Details'

The screenshot shows a web interface for managing game periods. On the left, there is a button labeled '+ Add Period' with a mouse cursor hovering over it. To the right, there are input fields for 'WEATHER' and 'TEMPERATURE'. Below these, there is a 'WIND' section with a text input field, a dropdown menu set to 'MPH', and another dropdown menu set to 'NW'. At the bottom right of the interface is a button labeled 'Save Game Details'.

4. Go back to 'Score Game' and click on 'Start New Period' to advance to overtime period. Enter goals, penalties, and shot as before.
