Match Fees

| | | | |
|-----------------|----------------------|-----------------|----------------------|
| 14 minute match | - \$25/match + miles | 50 minute match | - \$50/match + miles |
| 20 minute match | - \$25/match + miles | 60 minute match | - \$60/match + miles |

| 40 minute match | - \$40/match + miles | 80 minute match | - \$80/match + miles |

~ **Mileage:** is .40/mile OR \$20 flat mileage fee for a local match (50 miles - RT) and local referee. Fees above are a rule of thumb only, as mileage varies – referee doing multiple matches at same site (delayed matches) and some car-pooling occurs. Additionally, there may be snack & water fees added and/or hotel fees added.

~ **Minimum Match Fee Charge:** is **\$80 + miles for a Senior Match or College Match or \$70 + miles for a U19 Match.** These are the minimum trip charge fees for the referee. Please keep in mind, that if there are delays or gaps in the match schedule for a single referee doing multiple matches on the same day, fees may be slightly higher as well.

~ **Assistant Referees (AR):** when requested or required, are billed at a rate of \$0.50 per minute played + miles per AR.

~ **Adding or Canceling:** a match within 7 days of a scheduled match is \$100 + any additional expenses that may have occurred out of our control will be billed to the responsible party or team (however, rescheduling a match within a reasonable timeframe is exempt from the \$100 penalty). Teams canceling a match due to reasonable unforeseen circumstances within 7 days (i.e. snow storms, ice on field, weather, closure of fields by parks or city) out of the teams control are some exceptions to the late cancel rule. Please confirm with the MN Referee Society for final approval of fees.

~ **Late Payment Fees:** will be assessed \$10 every month on your balance, also referees may not be assigned to these teams, but payment plans are accepted and referees released, if you have made arrangements. (enacted in 2017)
