- U4/U5 will hopefully be out by 9/21
- Restrooms are complete and look good, he also painted the outside of the doors on the south side and replaced some arms on the doors that needed them
- We are trying to get into schools to grow our numbers. Dave Kunitz is working on putting something (possibly a morning camp) together on Wednesdays starting in Mid-October that will run for a month or so since kids are not in school on Wednesdays.
- We also discussed having a couple of free play nights to get new kids out either this fall or spring. We would need to pay coaches to run that (\$100-\$150x 4 cocaches)
- James and Michael have discussed a golf tournament fundraiser for this spring
- Anne mentioned maybe doing a 5K fundraiser as well to help get our name out in the community
- James will talk to Chamber of Commerce at their meeting that was rescheduled for September 16, 2020 to hopefully see if we can get more exposure
- James recommends that we do not buy the cell phone contracts out for James, Gary, Jimmy and Lexi but to let them run out and once they are done start with the stipend. Michael's stipend of \$125/month will start immediately
- We have two hot spots that we could possibly get rid of James will talk to the ref assignors to see if they can use their cell phones as a hot spot.
- It was suggested that we do not continue to pay for Lexi and Jimmy's cell phones once

their leases expire. Lexi's expires in May 2021 and Jimmys on 10/19/21. They will be notified that once their current lease is up ESC will no longer pay for their cell phones.
