

2019-2020 Cathedral Prep Hockey

PLAYER DESIGNATIONS: DEFINED

Clear eyes. Full hearts. Can't lose.

Below will be the outline for how the coaching staff will be breaking down the players of the Cathedral Prep Hockey Association (not including Middle School Designation). This is a general outline created to better explain the process to all members of the Cathedral Prep Hockey Association. In addition, there will be a "Players Code of Conduct" and "Season Outline" that will be distributed to the players at a later date that will go into more detail about how the season will progress as well as what will be expected of the players while they are representing Cathedral Prep.

FULL TIME JV: *This designation will require the player to make their priority and focus the Junior Varsity hockey team. These players will benefit from the focus on the fundamentals of hockey as well as skill development and the teaching of broad hockey systems, hockey sense, and team strategies. The Junior Varsity team is used as a feeder system for the varsity program and as such there will be constant communication between the JV coaches and the varsity coaches. If a player is listed as a full time JV player, they are still eligible to be called up to practice (and potentially play) with the varsity team if they are developing and progressing at a rate that allows them to compete at the next level.*

During the 2018-2019 Season: *A full time JV player, through hard work during JV practices and games, was rewarded by earning a roster spot in a varsity game.*

VARSITY PROSPECT: *The varsity prospect designation will be used for players that the coaching staff feel have the ability and potential to play (and compete) at the varsity level, but they will also benefit and improve their development by working with the JV program throughout the season. Ultimately, a varsity prospect will be playing both JV and Varsity hockey throughout the season. Some players will develop faster than other players and as such will play more varsity than JV, but each varsity prospect will be notified where they will go on Sunday each week. The varsity prospect designation allows players to skate with and learn the systems at the varsity level as well as take advantage of the heavy skill development at the JV level.*

Communication (coaches & players): *The coaching staff will communicate to all varsity prospects on Sunday night where they will be going for the upcoming week. Ideally, varsity prospects will skate with both JV and Varsity each week, but there will be some instances where this will not be required and will be communicated as such.*

At Cathedral Prep academics are our number one priority and the coaching staff understands that there will be situations where school work needs to come first. We expect the players to communicate with us if they are unable to attend both JV and Varsity for a given week. The excuse of "school work" is not, however, a reason not to attend both as we expect our players to learn time management as our schedule will be available at least a month in advance (if not more) so the players are expected to plan accordingly.

During the 2018-2019 Season: We had anywhere from 10 to 11 varsity prospects all season. Of those, Seven (7) played in 10+ PIHL games (two played in all 18 PIHL games). This does not include the amount of independent and tournament games the prospects participated in at the varsity level. In addition, we had permanent varsity players who did not dress in every PIHL game.

Participation & Eligibility: As noted above, varsity prospects will be communicated with as to where they are required to go and the staff expects them to participate at both levels. If a player is told to participate at a JV practice or JV game and they do not, they will not be eligible to skate with the varsity team (practice or game) until they have a meeting with the varsity coaching staff to discuss their position in the program.

FULL TIME VARSITY: *The full time varsity designation will be used for players that the coaching staff feel are players that are developed enough to compete on a regular basis at the Varsity AAA level. These players have the option to skate at JV practices for extra ice & development, but are not required to attend JV events. The full time varsity designation in no way guarantees a spot in the 18-skater lineup each game. The 18-man skater lineup will be chosen from all three designations (JV, VP, V) and will change with each game based off of the opponent we are facing and who the coaches feel are the best 18 skaters to secure the victory. Full time varsity players can (and will) be sent down to JV if the coaching staff feels they need further development through the season, if the player demonstrates a poor attitude or discipline issues, or if the coaching staff requests them to skate and help out with the JV program. Full time varsity players are expected to be leaders and are expected to demonstrate the character, respect, and discipline that is expected from a man of Prep.*

2019-2020 Cathedral Prep Hockey

PLAYER DESIGNATIONS: LISTED

Clear eyes. Full hearts. Can't lose.

FULL TIME VARSITY

- 1) Jack Shoenig
- 2) Hayden Cox
- 3) Griffin Gerlach
- 4) Jacob Kruszewski
- 5) Michael Orlando
- 6) Joseph Agresti
- 7) Jonathan Zambroski
- 8) Jordan Adams
- 9) Evan Sala
- 10) Kurt Johnson
- 11) Austin Faulkner
- 12) Tyler Balzer
- 13) Connor Ginn
- 14) Dominic Peterson

VARSITY PROSPECTS

- 1) Thomas Francouer
- 2) Markus Shearer
- 3) Joseph Burrows
- 4) Jarret Aylsworth
- 5) Eric Schwab
- 6) Andrew Burton
- 7) Gabe Glunt
- 8) Blake Anderson
- 9) Avery Ball
- 10) Josh Martin
- 11) Ryan Mckinsey
- 12) Connor Eubanks

FULL TIME JUNIOR VARSITY

- 1) Gabriel Markley
- 2) Nicholas McCarthy
- 3) Matthew Bond
- 4) Owen Callahan
- 5) Logan Lanagan-Blanc
- 6) Chris Montagna
- 7) Will McBrier

GOALIES *(to be further designated after varsity camp in August)*

- 1) Seth Faulkner
- 2) Devon Dovichow
- 3) Cole Wisniewski
