## Oktoberfest at Eco Lounge

**Where:** 2445 N Bogus Basin Road

**Why:** An awesome event, need we say more?

**When:** Friday evening, October 5 - 6:30 p.m. until?

**What is it?** Well, if we were in Germany, it is a 16 to 18 day festival held annually in Munich, Germany, and Bavaria. More than 5 million party goers will participate consuming almost 7 million liters of beer – that is a lot of hangovers.

**How is Bogus Basin Ski Club's event different?** It's one evening only and the club offers so much more. Of course refreshments will be served along with brats, sauerkraut, German potato salad, an update of upcoming events you won't want to miss with the ski club, music and a ski movie under the stars.

**What to bring:** Yourself, all your friends, and a lawn chair.

**Cost:** Current Member - \$8, New Membership for next year is a cost of \$25 and event is free. Non-members are \$12 at the door.

**Pre-registration/pre-paying is strongly recommended.** You must register now so we will have an accurate count. RSVP to [RSVPoktoberfest@bogusbasinskiclub.org](mailto:RSVPoktoberfest@bogusbasinskiclub.org) or email Natalie Angell [angell.natalie@yahoo.com](mailto:angell.natalie@yahoo.com). You can pay on the website using PayPal at [www.bogusbasinskiclub.org](http://www.bogusbasinskiclub.org) or mail payment made out to Bogus Basin Ski Club, Attn: Natalie Angell, Oktoberfest Coordinator, PO Box 973, Boise, ID 83701.

**Don't miss dinner and a movie under the stars.**

# From the President

We are off to a busy start for the season. The weather is cooling down and it won't be long now before we are on the mountain. But first, there is football season. I am looking forward to watching BSU improve throughout the season. I hope to have a get-together at my new house along with my new roomies, Bonnie and Pat Rice. More to come on that.

Last month I listed the board positions and summarized the responsible of each. There will be more to come closer to elections in March, and I hope you will give it some serious thought. We need new people on our board. Marketing our club is our number one goal for this coming year. To do that we will need to run many events. To do that, we will need lots of help. On September 24, we will have our next Marketing meeting to plan out how we are going to accomplish this. We have a number of new fun events coming up. Also coming up are Oktoberfest, the ski swap, and the Warren Miller movie. Please plan to join us.

All articles are required by the 10th of the month, send to [communications@bogusbasinskiclub.org](mailto:communications@bogusbasinskiclub.org). Join us on our Facebook page where you can post pictures and activities of ski club events.

# 2012 Ski Swap

by Jane Gabbert

**Don't forget to sign up, there are still times available.**

**When:** Sellers check in equipment  
Thursday, November 2, 3 pm- 9 pm

The event is open to public  
Friday, November 3, 5 pm. - 10 pm  
Saturday, November 4, 10 am - 8 pm  
Sunday, November 5, 10 am- 3 pm

**Where:** Expo Idaho (fairgrounds)

This sale benefits the Bogus Basin Ski Education Foundation, a ski program for youths ages 6 and over who want to compete in alpine ski racing and freeride skiing/snowboarding.

Volunteers needed to work a minimum of 2 hours at the Bogus Basin Ski Club booth Friday through Sunday. In

addition, I will need someone with a pickup truck to haul tables, display, etc. from the storage unit on Friday and back again on Sunday.

**Benefits include:**

- Free admittance to the swap
- Friendly place to hang out and visit when you get tired of shopping
- Newer members to become familiar with some of the activities and workings of the Club as they will be scheduled with nurturing, seasoned members to show them the ropes, so don't be nervous.
- Plus, it is very easy duty!

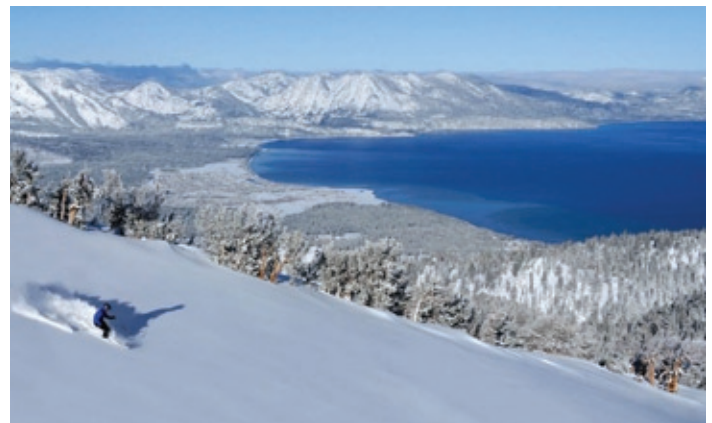

For more info or to sign up, call me at 362-3627 and I will put you on the schedule. Leave a message and I will do my best to accommodate the times you want on a first come, first served basis.

# Ski Lake Tahoe

by Tyler Wymond

The Lake Tahoe trip for January 2013 is filling fast. We are leaving on a charter bus on January 27, 2013 and returning on February 1, 2013. There will be four days of skiing at Heavenly, Kirkwood, Sierra-at-Tahoe and Homewood. There will be five nights of lodging at the Horizon Resort and Casio. All of this, including lift tickets for \$525. This is a great ski bargain. If you want proof visit other ski clubs web sites to learn about their trips.

The skiing should be fabulous and the views and scenery fantastic but the best part will be the people. If you haven't been on a ski club trip you are in for a treat. You will have a chance to meet new friends, and spend some meaningful time with them. There will be plenty of opportunities to dine with other club members, ski with them, ride the chair and socialize at the end of the day. We will board the bus each day to travel to the ski resort for that day and probably get a guided mountain tour in the morning. You can elect to participate or not in the tour. We select a restaurant to meet at noon for lunch so that you can regroup or ungroup, as you please. There are plenty of chances to find someone to ski with you or you can ski alone and take in the scenery and photo opportunities at your own pace.

*Photo provided by Horizon Resort*

My first ski trip was to Lake Tahoe and a very memorable experience. I was welcomed by the seasoned ski club members and was fortunate to make some new ski friends who have continued to inspire me to this day. I returned a better skier and a more appreciative skier.

We hope you can join us for this 2013 Lake Tahoe trip, it will be an experience you won't forget.

# In Memoriam

by Fred Uranga, BBSC Historian

The following individuals were in the Bogus Basin Ski Club when I joined in 1966. The club was strongly involved in the Mitey Mites program that began in 1954. The club existed for that program and continued its support for the program as it matured and the racers grew older, raising money for the program, providing judges, timers, gate keepers, race patrol, etc. The BBSC members also strongly supported the local ski patrol with money, volunteer patrollers, supported the mountain when it hosted the first National Junior Ski Championships in March 1948 with permission from the U.S. Ski Association. That was possible because BBSC belonged to the Pacific Northwest Ski Association (PNSI), a division of the U.S. Ski Association and had people on the Board then and continued to have club members on its Board of Directors throughout the late 1970 and 80s. The following individuals were involved with the above.

Kenneth C. Whitney, age 77, passed away June 27, 2012 in Boise of natural causes. Ken was involved with the Bogus Basin Racing Association and served on the Board of Directors for the PNSI for many years.

Walter "Jack" Long, age 83, was on the original Board of Directors for the Bogus Basin Ski Racing Alliance when it was formed in the spring of 1967 and the organization took over the control of the annual ski swap. Jack served on the Nation Ski Patrol for 23 years and was the patrol leader from 1974-1976, as well as the Pacific Northwest Alumni Director. He was involved with the Bogus Basin Association Membership group since 1963 to the time of his death. He served on its Board from 1971-1977. I knew Jack personally through our membership/work with the Gem State Kiwanis Club and our membership with the Gowen Field Officers Club. Jack sponsored my admission to the National Ski Patrol at Bogus which resulted in my completing 15 years with that organization with a

senior rating. Jack skied with the Primetimers. The old timers in our club will remember Jack's wife, Virginia, "Ginney" Chapin, who died in a tragic gun related accident at her home in January 1977. Jack, like many club members in the 1940's-1960's joined the Idaho National Guard in 1949, getting his commission after he graduated from the University of Idaho in the spring of 1952, started his full time active service in May of 1960 and retired as the Idaho State Inspector General in 1988 with the rank of Colonel.

William "Bill" Rutledge, age 89, passed away at home in Boise. I knew Bill through the club, the racing program with his four sons, serving on the ski patrol and as an Insurance adjuster who handle many of his agency insurance claims. Bill was a Marine pilot during WW II and I enjoyed his funny stories related with that time.

Bob Skinner, age 86, passed away at a local care center Thursday, September 20. He was married to Bessie Skinner who was featured in our September 2012 issue-Make a Difference article, page 7. I first met Bob and Bessie when I joined the Gem State Kiwanis Club in the late 60s. Bob was president of the that club in the late 70s. For many years we participated in the annual Fourth of July pancake breakfast event at the Julia Davis band shell. It is still an annual event. Our surviving club records show that on December 4, 1990, Bob was nominated to the Board of Directors to temporarily fill out the trip coordinator position for the remainder of that term. Again and again Bob would fill in any vacancy on the board until the next annual general membership meeting. Bob worked for True Blue in the accounting department under president Dan Duncan, who also was a BBSC member. On March 3, 1992, Bob presented to the BBSC Board of Directors its first financial plan; to prepare a yearly budget and whether or not to subsidize club events. Bob set up the computer program for the club and assisted the club treasurer for several years. In 1994, Bob chaired the Masters Salome Race held March 5-6. Bob and Bessie completed their final years on the club Board in 1998.

I hope the membership enjoys the insider's side of these men. For other details go to IdahoStatesman.com and follow the arrows.

# Around the BBSC

by Fred Uranga, BBSC Historian

TIM FLOOD writes that he is back in the ATM business working with Cook Securities Group servicing about 60 machines between Yakima, Lewiston, Othello and Pendleton, all bank locations. As you recall, in July 2010, he suffered total kidney failure and almost died. Tim lives in the Kennewick, Washington area. He can be contacted at 509-783-8982 or e-mail [thmsflood@yahoo.com](mailto:thmsflood@yahoo.com).

LARRY CROCKETT, the chairman for our annual Warren Miller movie events for over 26 years, the leader of our annual brush cutting events on the hill and so many other things had a scheduled surgical event and is presently home recovering. His longtime friend, Sue Allison, will keep Larry on track to rejoin us in about 60 days.

## PrimeTimers

Time to join, update your e-mail address, telephone number. For more details, you can contact Ben Doty at [Bdoty8082@aol.com](mailto:Bdoty8082@aol.com) or (208) 869-6956, OR Jim Carney at [realtyjc@cableone.net](mailto:realtyjc@cableone.net) or (208) 484-1556.

## Give Back: The Art of Volunteering

by Fred Uranga

The prize for the 2011-2012 year was \$150 in Bogus Basin Bucks. That was won by Janice Walker. Being a volunteer is fun and rewarding. You will meet new people and increase your interest in club events. I suggest you volunteer at a short term event first to get your confidence up. Don't worry about making mistakes. Everyone works together to make the event a success.

Each time a club member volunteers to work on an event, their name is submitted by that event chairperson into the annual lottery pool. The winner's name will be drawn at the annual General Membership meeting in March 2013. In each issue you will see the event chairperson asking for volunteers. Call them or contract the Social Director, Bonnie Rice, at [social@bogusbasinskiclub.org](mailto:social@bogusbasinskiclub.org). **GOOD LUCK!**

# Back in Time

by Fred Uranga, BBSC Historian

According to club records, the first Oktoberfest was held October 15, 1994. The club rented a bus to transport the club members to Table Rock Brew Pub and Grill, the Brews Brothers and Harrison Hollow (now known as the Highland Hollow and an advertiser in our Mogul). The cost to the club member was \$12 with a club subsidy of \$5 for each person. It was a great success.

## Your Club Historian Needs Your Help

by Fred Uranga

In March 2009, the Board of Directors approved the duties of the club historian. Among its duties is collecting items of historical value that will be deposited with the Idaho State Historical Society Public Archives and Research Library. This includes BOD minutes, issues of The Mogul, club events, newspaper clippings about the club, etc. Prior to 1990, we have limited information. I do not want photographs (unless the person, group is identified) or old receipts for past events, however, flyers about club events would be accepted. Please contact me at [historian@bogusbasinskiclub.org](mailto:historian@bogusbasinskiclub.org). If that does not work, contact me at (208) 345-2382.

Thank you Wanda Shearer for donating materials for the BBSC history project and former club president, Tim Flood, for supporting information for an article I am preparing for the November Mogul.

**Check us out online!**

[www.bogusbasinskiclub.org](http://www.bogusbasinskiclub.org)

# Bike and Fest - Weiser River Trail Ride

by Ruby Andridge

**Delayed start** - Idaho's heartland with pristine clear skies and a cooler temperatures was refreshing and invigorating for the BBSC members and friends who came up to challenge the Weiser River Trail by bike. We all gathered in the meeting place at the appointed time. As we waiting for our shuttle drivers, we got acquainted and found people whom we mutually knew. You know, six degrees of separation! The 13 hardy riders were eager to go. We took off without a hitch, stopping now and then to view the beautiful scenery and peering into the clear waters of the Weiser River looking for fish.

**Emergency ready** - Gaylord and Fran along with Dee and John Lillehaugh were the best. Dee popped on to the trail every chance she had to drive up to it. Some places she had to walk down holding on to water, energy drinks, etc. Her bright smile was a welcome relief. Since she and John have been doing this for four years, they have it down to a science as to what our needs might be. John being an ENT could provide the other essentials if an emergency did arrive. Natalie was prepared with a full size bike pump which she carried in her basket along with other items she thought we needed. Since we were so well prepared, everything went without a hitch. Ron Andridge was the second person to arrive at our destination before his tire went flat. He said he thought it was getting harder to ride.

Photo by Phil Brewer

*Serene Weiser River*

**Bear Scare** - About a third of the way into the ride, we started spotting bear scat. Not one, not two but many areas showed evidence that we were not alone. The fruit trees and river seemed to beckon to the inhabitants of the wild. Even though we checked out the fruit, which was not ripe, apparently the critters didn't mind. Some of us were a little daunted by the scene but others thought there was no problem. We were a big group talking loudly, besides we can ride our bikes fast? However, I just read that bears can run up to 30-40 miles an hour. I believe that given the right circumstances I would give it a good try too. We later

*Dee Lillehaugh and Natalie Angell with supplies along the trail.*

**Bogus Basin Ski Club** • *A club for all seasons*

found out the story about the shuttle delay. A bear ran into Kent Lippie's truck. The yearling turned into the moving truck and was hit. When Kent could finally pull over he saw the stunned bear managed to get up and go into the woods. Had we known as we were riding that an injured bear was out there roaming around, it may have increased the anxiety and sped up the trip. Dee said that bears are common in this area especially this time of year. All riders should be proud of their achievement. You could say we outran the bears and all reached our destination pretty much unscathed.

**Miscalculation** - The ride went from Pineridge Bar and Cafe on to Council. After using both a trail map and the odometer of my car, I published that the ride was 17 miles. Well that might be by Highway 95 but not the trail we rode on. I was informed by the riders at the end of the ride that we had ridden almost 22 miles. I was proud of the riders, even though the youngest rider, Hannah couldn't understand why we were doing it, more so, why she was doing it. We all did very well even though I kept thinking the pavement was coming soon as we rambled along on the somewhat bumpy trail. I was wrong on that count too. Some riders even hopped on the paved road to get a little relief from the bumps and dust.

**Gourmet Dining** - We were all shuttled back to our cars and back to the Hartland outdoor garden to lounge under the shade and enjoy refreshments until dinner was served. The delicious entre' of steak and chicken was finally served by our gourmet cook, Shelly Lippie. Everything tasted wonderful and for dessert we celebrated Ron Andridge's birthday and gorged ourselves on Fran Archibald's huckleberry, chocolate and rhubarb pies with ice cream.

**Thank You** - A special thank you to all who came and joined us for this event. Thank you for putting up with my miscalculations and fading memory. Thanks to Jane Walker who brought her family including teenager Hannah. I

*Best Dressed Jim Hovern*

*Gourmet Chef Shelly Lippie and Kent Lippie*

*Kelly Johnson, Ron Andridge, Natalie Angell and Evonne Brewer.*

would like to thank our support people, Fran Archibald and Gaylord Coyle who provided treats when they were needed along the trail and all the good food that Fran brought for dinner. Ron Andridge and Kent Lippie and the Lillehaugs for the use of their vehicles for shuttling and Clyde McNeil for the use of his trailer. Clyde everyone loves your trailer, I would watch it closely. Jim Hovren decked out with matching shirt and socks wins the prize for the best dressed. At this time, the prize is yet to be determined. Of course, the ride would not be as successful without the help for the **fourth year** in a row, Dee and John Lillehaugh. A very special "thank you." You two are fun and informative and we are in your debt for it is with your efforts that makes this a successful BBSC event.

# Champagne Brunch

by Rosie Rosco

On September 9, seventy people enjoyed a wonderful afternoon at Municipal Park. The early morning thunderstorms had us a little worried, but the sun came out before the brunch started and it was a beautiful afternoon. Thank you to all who helped pull this together without having a chairperson. I want to list all those who helped and what they did so you can see how these events work and how well they can work when our members pull together.

I reviewed past information to determine what was needed, collected the money and kept an RSVP list. Bonnie Rice reserved the park and helped with RSVP's. Kerry Banyard and I bought and prepared the food, drinks and collected items from storage. Bob Running handled the money as usual. Darryl Kuhrt checked people in at the desk and even collected over \$400 in membership fees. Jeff Day brought the barbecue and kept the egg dishes warm. Michael Bouton, Paul Markowitz and Tyler Wymond talked about upcoming ski trips and Pat

thought I would address them here. As nice as this event usually is, we felt it was getting too expensive. We decided to cut out the other alcoholic drinks and go back to just champagne. After all it is the "Champagne Brunch." We always have way too much food left over so we tried to get a better handle on that. But I don't think anyone went away hungry. The noon start time was due to Boise Park's reservation rules. If we want to start it earlier, it would need to be at a private location, not public. We are always looking for someone who would like to offer their home. If I haven't answered your questions, please email me and I would be happy to. Suggestions are always appreciated.

All-in-all, the cost came in well under the last couple years and still was a great success. Thank you again to all those who helped make this event a success.

Rice hauled tables from storage and entertained us with his guitar. Thank you to all who brought egg dishes and helped setup and cleanup. They were: Bonnie Rice, Kerry Banyard, Joanne Thompson and Gary Bermensolo, Jeff Day and Marci Carthan, Michael Bouton and Julie Thomason, Paul and Mary Markowitz, Fred and Sue Uranga, Janice Walker and me. The ham and pastries were donated by Dave Kopet and Michael Bouton and there were a lot of them. Don and Pam Fisher helped with the cleanup among many of the above plus others. I hope I didn't miss anyone. Thank you to the Medek family who store Big Bertha and keep it in running order.

We received a few questions about changes we made so I

# Time for New Equipment?

by Rich Kunz

Well I did it. I just purchased new boots for my skis. Wow, they feel good right out of the box. No pains, no pinches. My custom footbeds and heaters transfer right over. They are snug with a medium/firm forward flex. What's this? There is a custom feature that lets me unlock the cuff so that I can walk normally when I am walking up or down stairs at the lodge. You no longer have to unlock your buckles to walk like a human! My old boots had 200 plus ski days on them. The buckles were on their last legs. The old boots were "packed out." so that I had to over tighten the buckles. Packed out boots are cold boots. The front and back lugs had lots of gouges and the bottom of the boot was pretty roughed up from too many parking lot trips. My boots are an important part of my safety equipment. My feet will be in heaven this ski season.

Maybe you're in the market for new equipment this year. All of the local shops have a great selection of equipment. When you go the ski shop take your time, have the sales person explain

the attributes and downside of everything you're looking at. Be honest about how aggressive or timid you are on the hill. How many days you ski, how many hours on the snow, big turns, tight turns, fast skier, slow skier, groomed skier, or off the groomed skier. There are lots of intimidating terms associated the new equipment. Ask the sales person, "How will that help me ski better?" Rocker, turn radius, flex, let alone, what does recreational, intermediate, or advanced mean? Lots of us used to be advanced, but are we now? The good news is that all the ski equipment available today, if appropriate for your skier type and properly fitted, will make your ski day much more pleasant. My own experience is that today I ski with about one-third of the effort that I had to expend just ten years ago. Yes, every thing today is safer, lighter, shorter and much better than the good old days...

In a future article I'll discuss "demo" days at your resort. Think snow!

**Coming to Boise November 15-17**

# Why Do You Ski?

by Greenwood's Ski Haus

Here at Greenwood's Ski Haus we conducted a very unscientific survey and asked a few of our resident ski bums the question "Why do you ski?" Although the answers varied, there is definitely a common thread woven through the answers. That thread is the absolute passion--passion for the season, nature, camaraderie, serenity and the sport itself.

On the more scientific and statistically accurate side, a recent SIA (Ski Industries of America) survey asked consumers the question "What benefits to skiing and/or riding do you find most appealing?" The survey responses paralleled our findings but here are the actual statistics. 72% of respondents picked Being with Family and Friends as one of the top three "benefits" of skiing or snowboarding. 63% of respondents selected Being Outdoors and 56.1% selected Exercise and Athleticism among the top three "benefits" of skiing or snowboarding.

These are interesting statistics but we thought we would share a few of our favorite responses to the question "Why do you ski?" These responses may remind you of why you ski, get you excited

for the season ahead, and keep you heading up the hill for more.

"Inner peace through time, space and motion in a pure white wonderland."

"Sliding on snow gives me a sense of freedom I have never found anywhere else."

"I love the mountain scenery; the sounds, the smell and the feel"  
"Skiing is my gateway to feeling the exhilaration of speed, flight, and fun that comes with falling snow."

"I love to ski and snowboard because of the sound of carving in the snow, the smell of the air and the pure light."

"To me skiing is about conquering fears, the camaraderie, the rush, and just being out in the mountains."

"Skiing is the thrill of trying something new with each run, the accomplishment of creating the purest carved turn in the snow, and the sense that you are truly a part of nature."

If these phrases conjure up your passion for skiing and you'd like to share your thoughts with us, please send us an email at [skihaus@fiberpipe.net](mailto:skihaus@fiberpipe.net). Why do we ski...it's our passion!

# Brighter, Bolder, Better Clothing at McUs

by Matt Cantrill, McU Sports

With the cool season in full swing (at least inside) at McU Sports, customers can't stop talking about the brighter, bolder colors in this year's jackets, pants, fleeces and more. Many people have remarked how the colors resembled 80's to 90's colors and we couldn't agree more (although it doesn't give you license to bust out that old Columbia Bugaboo again). Built with today's technology, these styles will keep you warm, dry and smiling for your trips to the mountains this winter.

**Rab** - McU Sports is happy to announce we are Boise's newest dealer in an up and coming line of technical clothing from UK based *Rab*. Rab technical jackets with waterproof, breathable capabilities layered with Polartech midlayers are the hottest thing going at McU Sports. They also offer a full line of the ever popular puffy down jackets for those cold, winter nights.

**Arc'Teryx** - Best-selling *Arc'Teryx* is back again. Majestic in it's simplicity with supple Gore-Tex fabrics. Arc'Teryx started as a climbing company but now is known for being super-functional with a little flair, and they have a line of clothing for every weather situation you may run into. The most extreme environments can be handled with Arc'Teryx.

**Spyder** - *Spyder* returns this year with beautiful colors and an updated design. Their lines are traditionally athlete inspired as most Olympians can be seen wearing their functional gear. Whether your looking to shave seconds off your time or get higher up in the air, Spyder has the threads to get you there. They also expanded their fashionable Core sweaters line to sync your colors together (and don't forget to get your GS race suit before it's too late...)

**Descente** - *Descente* is back again with a beautiful line of jackets, pants, sweaters and more. Their line of stretch fabrics

is setting the bar for other companies to try to attain but no one else can. You must try them on. In addition, Descente is running it's 30 free lift tickets program again with the purchase of select jackets. That's right, you get a free lift ticket to 30 resorts nationwide if you buy one of the select jackets. Resorts include: Brundage, The Canyons, Solitude, Whitefish and a ton more. Also, don't forget to check out Descente's freeride inspired line, *DNA*, while you're in here.

**Helmets and Hats** - Helmets have escalated in popularity over the past few years. Some estimates have up to 75% of slope bound people wearing helmets this year. Although the safety element goes without saying, much of the popularity has evolved due to the functionality and stylings of today's helmets. The colors, ventilation, fit and compatibility all come together in models from *Smith*, *Giro*, *K2*, *Bern* and *Poc*. Most brands fit with most goggle but you want to be sure to bring your goggles with you when you're trying on a new helmet...or just get new goggles while you're here. We still do keep a full stock of hats for when you're not schussing down the slopes to keep your noggin warm.

**Gloves** - *Hestra* and *Swany* come back as our best selling gloves for this season. The overall comfort and functionality of the gloves keep them coming in year after year. Hestra's fit is matched by no other. Reverse stitching on most models give your hands a cloud like feeling and Swany's waterproof, breathable fabrics will make sure your digits stay warm and dry.

Lots of cool gear to check out this year. We are super-stoked to show off our colors, fabrics and fits from leading manufacturers too many to name here. Come in and check out the stylish lines we have to offer so can finally put away that Nevica jacket you been through so much with. Think snow!

## Deals on last year's gear!

- All '11-'12 equipment 40-50% off
- Demo skis for sale
- All '11-'12 clothing up to 50% off

**THIS AGREEMENT REQUIRES YOU TO WAIVE IMPORTANT LEGAL RIGHTS. READ IT CAREFULLY BEFORE SIGNING. YOUR SIGNATURE BELOW INDICATES THAT YOU UNDERSTAND AND AGREE TO THE TERMS OF THIS AGREEMENT.**

The Bogus Basin Ski Club, Inc. ("Ski Club") sponsors outdoor recreation activities for its members that may include skiing, biking, hiking, whitewater rafting, and other outdoor activities. By signing this Membership Application, I acknowledge that these activities may be dangerous and involve inherent risks that the Ski Club cannot control, including risks that I may or may not be aware of, that can cause significant physical injury and/or death, and/or property damage. I agree to assume these risks when I participate in activities sponsored by the Ski Club.

In consideration for becoming a member of the Ski Club, I agree to waive any legal claim I may have against the Ski Club and its officers, directors, or agents as a result of my membership or my participation in a Ski Club activity. I agree to release the Ski Club and its officers, directors, or agents from any legal liability that may be caused by the Ski Club's conduct, including conduct that is negligent. I also promise not to sue the Ski Club or its officers, directors, or agents if I become injured as a result of participating in a Ski Club activity and I promise to indemnify (i.e. pay all legal costs, damages, and attorney fees) the Ski Club and its officers, directors, or agents for any legal action that arises from my own conduct or that is brought against the Ski Club on my behalf.

I understand that Ski Club activities are not led by professional guides. The Ski Club's activity leader/coordinator, at his or her discretion, may ask me to leave an activity if my behavior is deemed dangerous to myself or others. I understand that any costs incurred as a result will be my responsibility. I acknowledge and agree that this waiver of liability, release of claims, promise not to sue, and promise to indemnify is binding on my heirs and representatives.
