* All Tournament Fees are subject to Finance & Audit Committee and Board of Directors approval in September.

MRS Roster Printout for all matches

Head Coaches will once again present a copy of their official MRS roster (printed or saved electronically on a phone) at the start of every match for all Regular Season and Ontario Championship Events.

Respect In Sport (RIS) numbers will now appear on MRS rosters. While an RIS number is not required until the deadline of November 29, 2026, for regular season events, coaches are strongly encouraged to proactively remind parents and guardians to add their child's RIS number to their MRS profile. Once added, the RIS number will appear on future MRS roster printouts. Please note that athletes will not be permitted to compete at the Ontario Championships unless their RIS number appears on the printed MRS roster.

Please review section 3.12 of the Youth Competitions Manual for all information around the MRS Roster Printout Process

Out of Province Athlete Declaration Form

To support accurate registration and eligibility tracking, the OVA has introduced a new **Out-of-Province Athlete Declaration Form** for athletes whose primary residence or home Provincial/Territorial Sport Organization is outside Ontario.

The form will help the OVA confirm athlete information, support alignment with Volleyball Canada and provincial eligibility requirements, and ensure out-of-province athletes are registered appropriately for the season.

All out-of-province athletes participating with an OVA club are required to complete the declaration in addition to their regular registration requirements in MRS.

Clubs are encouraged to ensure any applicable athletes complete the form as part of their registration process. Please click [HERE](#) for a direct link to the form. This form will be available on the OVA website under [Athlete Resources](#) > Registration.

Updates to Athlete Transfer Policy

The OVA Athlete Transfer Policy has been updated to provide clearer direction around athlete movement, release requests, and the applicable timelines throughout the season. While the overall intent of the policy remains unchanged, clubs are encouraged to review the updated language carefully to ensure they understand the requirements and processes that apply. Please click [HERE](#) for a link to the Policy
