OVERTIME, SHOOTOUT, TIE-BREAKERS

METHOD OF DETERMINING CHAMPION

(1) Overtime for Districts and Nationals (Recommended for States/Affiliates)

(a) High School Division Preliminary- Round Games

1. All Games Played to a Winner

If the game is tied following regulation play, **one ten (10) minute sudden-death overtime period** shall be played. The teams shall change ends. Overtime shall be played 3-on-3 (three skaters plus a goalkeeper). If the score is tied at the end of the ten (10) minute, sudden-death overtime period, there shall be a shootout. The winner of the shootout will be credited with one additional goal in the final score.

(b) High School Divisions Semifinal and Championship Games

1. All Games Played to a Winner

If the game is tied following regulation play, **one (1) sudden-death overtime period** shall be played. The length of the overtime shall be equal to the length of the third period and shall be sudden death. Teams shall switch ends for the overtime period. Overtime shall be played 5-on-5 (five skaters plus a goalkeeper). If the score is tied at the end of the sudden-death overtime period, there shall be a shootout. The winner of the shootout will be credited with one additional goal in the final score.

(c) Shootout Procedures

The shootout will be conducted as follows:

- A shootout is defined as a player attempting to score a goal and the opposing goalkeeper attempting to stop the shooter from scoring the goal. • The home team shall have the choice whether his/her team will shoot first or second.
- All goalkeepers and all players from both teams listed on the official game sheet shall be eligible to participate in the shootout.
- No goalkeepers may shoot in the shootout.
- The goalkeepers will defend the net they were defending in the 3rd period.
- Any penalized player whose penalty had not been completed when the overtime period ended or who receives a penalty during a shootout procedure is not eligible to participate in any portion of the shootout procedure(s) and must remain in the penalty box.
- The shootout procedure shall begin with three (3) different individual shooters from each team taking alternate shots. The players do not need to be named beforehand.
- The goalkeepers from each team may be changed after each shot.
- The players of both teams will take the shots alternately until a decisive goal is scored. The remaining shots will not be taken.
- If after the shootout, the shootout score is still tied, there will be a sudden death shootout.

(d) Sudden-Death Shootout

The sudden-death shootout will be conducted as follows:

- A sudden-death shootout is defined as each team attempting a shot. Should one team be successful and the other team not, the successful team shall win the shootout.
- The teams will shoot in the same order during the sudden-death shootout as they did during the original previous round shootout.
- Teams will select their shooters to participate in any order in the sudden death shootout, whether or not they shot in the previous round. The last player in the first round of the shootout may be the first player in the sudden death shootout.

- Players in a sudden death shootout shall not be allowed to take another shot until two different individual teammates have completed their attempts.
- All goalkeepers and all players from both teams listed on the official game sheet shall be eligible to participate in the shootout.
- Any penalized player whose penalty had not been completed when the overtime period ended or who receives a penalty during a shootout procedure is not eligible to participate in any portion of the shootout procedure(s) and must remain in the penalty box.
- The goalkeepers from each team may be changed after each shot.
- The official scorekeeper shall record all shots taken indicating the players, goalkeepers and goals scored.

Process to Determine Semifinalists and/ or Finalists at State/Affiliate / District Championships

- (a) During the high school preliminary rounds, each team will be awarded three (3) points for a win in regulation, two (2) points for a win in overtime or shootout, one (1) point for a loss in overtime or shootout and zero (0) points for a loss in regulation.
- (b) Refer to the formats for tournaments set forth in Appendix 1 for information on home team designations in any quarterfinal and semifinal game.

(c) High School Divisions – Tie-Breaking Rules to Determine Standings Position

If two or more teams have an equal number of points, their position in the standings shall be determined by the following tie-breaking rules listed below. If at any point during the application of the tie-breaking rules, any or all of the teams can be seeded higher or lower than the other teams, the seeded teams will be placed in their position in the standings and the tie-breaking process will begin at Step 1 for any teams that remain tied.

NOTE: *If all tied teams have not played each other, the tie-breaking process will begin at Step 2.*

The tie-breaker rules are as follows:

1. Step 1: The results of only the head-to-head games played between the tied teams in the following order:

- Most points earned.
- Most total wins (whether in regulation, overtime and shootout).
- Most regulation wins.
- Differential — Subtracting goals against from goals for in these games, the positions being determined in order of the greatest surplus. A maximum goal differential of plus or minus eight (8) per game will be used in tie-breaking rules.
- Quotient — Dividing the goals for by the goals against in these games, the positions being determined in order of the greatest quotient. If a game has a goal differential of more than eight (8) goals, the goals for will be decreased until there is a maximum of eight (8) more than goals against in a given game prior to dividing (i.e. 10-1 game would use 9-1 for purposes of quotient). A quotient involving dividing by zero (0) has higher standing than a quotient from dividing by any number other than zero (0). Where two or more teams have no goals against and the quotient tiebreaker is required, the teams shall be ranked high to low in descending order of “goals for.”
- Most periods won — In the games played by each tied team, points will be awarded for each regulation period won (2 points) and for each regulation period tied (1 point). Positions shall be in the order of highest point total.

2. If all tied teams have not played each other, the tie-breaking process begins at Step 2. For teams that began the tie-breaking process in Step 1, if after applying the formulas of 1 a, b, c, d, e or f the tie still exists, continue to Step 2.

Step 2: The results of all the games played by the teams tied in the following order.

- Most total wins (whether in regulation, overtime and shootout).

b. Most regulations wins.

c. Differential — Subtracting goals against, from goals for in these games, the positions being determined in order of the greatest surplus. A maximum goal differential of plus or minus eight (8) per game will be used in tie-breaking rules.

d. Quotient — Dividing the goals for by the goals against in these games, the positions being determined in order of the greatest quotient. If a game has a goal differential of more than eight (8) goals, the goals for will be decreased until there is a maximum of eight (8) more than goals against in a given game prior to dividing (i.e. 10-1 game would use 9-1 for purposes of quotient). A quotient involving dividing by zero (0) has higher standing than a quotient from dividing by any number other than zero. Where two or more teams have no goals against and the quotient tiebreaker is required, the teams shall be ranked high to low in descending order of “goals for.”

e. Most periods won — In the games played by each tied team, points will be awarded for each regulation period won (2 points) and for each regulation period tied (1 point). Positions shall be in the order of highest point total.

f. Lowest number of penalty minutes — Calculate the number of penalty minutes accrued during all preliminary round games. The teams shall be ranked low to high in ascending order of “penalty minutes for.”

g. Quickest first goal — The team that scored the quickest goal in their preliminary round games shall be ranked highest. If the above procedure does not break the tie, the teams shall use a shootout procedure as previously described.

NOTE 1: A team may go into the tie-breaking process having defeated another of the tied teams and still not advance.

NOTE 2: If a team forfeits any of its games, and becomes involved in any tie-breaking formula, the team that forfeited will not advance and all games played against the forfeiting team shall be recorded as 1-0 victories for all opposing teams.

GAME PLAYING TIME

Every game will consist of:

One (1)- five (5) minute warm-up,

Three (3), seventeen (17) minute periods

One (1) ice cut between the second and third periods.

The intermission that has no ice cut will be two (2) minutes in length.

All games will be played in full with no curfew games.

Games can start up to 20 minutes early.

TIME OUTS

One (1) time out per team will be allowed in all games.

Time outs will be one (1) minute in length.

PENALTY LENGTH

Minor Penalties = 2 minutes

Major Penalties = 5 minutes

Misconduct Penalties = 10 minutes
