

Hockey Development Director (HDD)

Overview

The Hockey Development Director is a contract skills coach responsible for delivering high-level, on-ice player development and supporting coach education across the association.

Compensation

- 1099 Contractor (hourly)
- Hours submitted weekly/monthly and approved by Hockey Operations Director (HOD)
- Hourly rate based on experience

Key Responsibilities

- Lead on-ice skill development (skating, shooting, stickhandling)
- Deliver consistent, high-quality training across all teams
- Support coaches through optional “coach the coaches” sessions
- Align with association development goals

Qualifications

- Proven skill development experience
- Strong hockey knowledge and teaching ability
- Credibility with players and coaches

Scope

- Limited to contracted development work only
- Additional duties require written agreement

Focus: Player skill development and coach support
