

2020 SAYB 13-14-15-Year-Old First Round Tryout Results and Second Round Schedule

Below you will find the first-round tryout results—listing players being asked to attend an additional evaluation.

As some of you may be aware, we host a second-round tryout for Big League players. This event will be held outdoors at the University of Northwestern on March 29th. While Minnesota's weather is seldom cooperative this time of year, this is our best option to ensure we have an ability to complete team formation. Should the weather not be cooperative you will be notified of any changes closer to the event date.

- AAA/AA Pool Information at the 13 and 14-year-old levels.
 - At the 13 and 14-year-old levels, players listed in the “AAA/AA” pool represent the top 19 Hamline-scored players at that age group.
 - Following the second tryout, the “AAA” coach and a minimum of two SAYB evaluators (who do not have a child at this age group and have experience coaching at this level) will validate Hamline ratings and determine the 11 or 12 players from the candidates to participate during the 2020 season on the “AAA” team.
 - All players in the AAA/AA pool must attend the second tryout session unless approved for an exception by vote of the Executive Committee for special circumstances. Those not attending without approval will be assigned to the North Star League.
 - Players who attend the tryout session and are not selected to play on the “AAA” team will automatically be assigned to the “AA” team.
- AA/A Pool Information at the 13 and 14-year-old levels.
