### **Take the following everyday steps to help avoid the spread of all respiratory viruses:**

- Wash your hands often with soap and water for at least 20 seconds.
  - Cover your cough or sneeze with a tissue, throw the tissue away, and then wash your hands.
  - Avoid touching your eyes, nose, and mouth.
  - Clean and disinfect frequently touched objects or surfaces such as remote controls and doorknobs.
  - Avoid close contact with people who are sick.
  - Stay home if you are sick. Call your doctor if you develop fever, cough, or difficulty breathing.
- For more tips, visit [cdc.gov](https://www.cdc.gov)
