**Please note - the process will be a bit different this year:**

- Proceed to the check-in table on arrival - credit cards and checks are accepted there, and bar codes are applied to forms.
- Teams then go to their assigned bay - line up from shortest to tallest with completed order form. Players should bring a mitt and bat for posing (coaches can also use 1 bat for all if preferred).
- Individual pictures will be taken and players are then free to leave. Lake Photography builds the team photo from the series of individual photos. More info is available here: <https://lakephotography.zenfolio.com/>
