- DESIGNED TO GIVE PLAYERS AN OPPORTUNITY TO MAXIMIZE THEIR DEVELOPMENT
- WORK HARD AND WIN TO BOOK YOUR PLACE AT THE SYL FINALS IN DECEMBER
- KEEP PERFORMING AND CATCH THE EYES OF THE SYL SCOUTING NETWORK TO EARN AN INVITATION TO THE USL EXPERIENCE

# SYL SCOUTING NETWORK

## What?

The Super Y League Scouting Network is a unique part of the league's programming designed to provide maximum exposure for its players to both collegiate and professional coaches. The Scouting Network analyzes all age groups and development levels in order to provide a comprehensive overview of each Super Y League player, and allows the league to provide premier opportunities for every player to display their abilities and promote the best opportunities for each individual's growth and development.

## Who?

Club Directors and scouts will make recommendations on their own players, while also providing evaluations of players from other clubs to create a multi-faceted picture used to analyze talent from across the league and add to the SYL Top Prospects list. This information, combined with resources provided by players themselves such as highlight videos, notable accolades and more, will help the Scouting Network identify and promote high-level talent. Seventy percent of coaches in the Scouting Network possess a USSF 'C' License or higher, with many possessing USSF 'A' Licenses and several holding UEFA 'B' Licenses as well. Many of the coaches are also former professional and collegiate players or coaches as well.

## Why?

The Super Y League maintains a goal of providing clubs with an unparalleled youth soccer experience. The current youth soccer landscape provides opportunities and experiences for a select few. Therefore, the Super Y League is dedicated to utilizing its unique programming to expand that experience to all players within the league. The mission of the Super Y League Scouting Network is to put players in control of their own careers. In order to do that, the SYL vision is to create programming that provides every Super Y League player, regardless of development level, the best opportunities for education, evaluation and competition.

## COMPETE

The Super Y League National Finals serves as a capstone event after the conclusion of the regular season. The best teams from across every division of the league meet at Hillsborough County Tournament Sportsplex in Tampa, Florida, for a five-day event consisting of group & knockout stages, culminating in 10 championship matches for each of the five age groups of both boys and girls.

## STAND OUT

The event also features a major presence of collegiate coaches and scouts, giving players a unique opportunity to showcase their abilities in a competitive environment on a national scale. Additionally, the recommendations from these scouts can earn players a chance to gain even more recognition at the **USL Experience**.

# USL EXPERIENCE

Having debuted in 2016, the USL Experience has provided a unique, professional environment for a select group of players in the form of an elite multi-day residential experience, providing an unprecedented look into the pro ranks while connecting the Super Y League's top young players to the professional level.

FC Cincinnati hosted the inaugural USL Experience in April 2016, followed by San Antonio FC in 2017, Phoenix Rising FC in 2018, and the Tampa Bay Rowdies in 2019, delivering a comprehensive experience comprised of training sessions, competitive match play, access to USL players and staff, additional educational programming, a stadium and facility tour, meals, lodging, training gear and much more. The host for the 2020 USL Experience will be announced in the coming months.

Only the SYL's elite individual performers, identified and selected by the USL Scouting Network and SYL Finals will be invited to take part in the USL Experience. Seventy-two players - 36 girls and 36 boys - will be selected to attend the USL Experience, which is sanctioned through the U.S. Olympic Committee and scouted by U.S. Soccer.

# SYL FINALS HEADS TO TAMPA

Beginning in 2019, the Super Y League National Finals will be held at the brand-new Hillsborough County Tournament Sportsplex, in the heart of Tampa Bay, Florida. Having opened in late 2018, the Sportsplex is a multi-sport championship facility centrally located to Tampa International Airport, interstates and Downtown Tampa.

A photograph of the Hillsborough County Tournament Sportsplex. In the foreground, a large blue sign with white lettering reads 'HILLSBOROUGH COUNTY TOURNAMENT SPORTSPLEX'. Behind the sign, several tall palm trees stand against a clear blue sky.

HILLSBOROUGH COUNTY  
TOURNAMENT SPORTSPLEX

"The SYL Finals provides an unparalleled experience for our players, families, and clubs. When presented with the opportunity to bring our National Championship to such world-class venue, we knew this would serve to continue the tradition. We look forward to our teams competing to become one of 10 National Champions this December." - **Joel Nash, Super Y League Vice President**
