

Hello!

Coach Steve would like to offer all members of the MLST training team who are signed up for either Full Travel, Hybrid or the PB Cup the opportunity to race the high school course after the completion of the high school races. The high school team has six Conference Races this season. The season calendar is found below.

They will be timed runs alternating between GS and SL each week. This week they will be racing GS.

Ideally your racer could report to the hill by 3:30 to warm up and inspect before 4:15. They will need to be at the top of the course to line up no later than 4:45. If they are not able to inspect, but can get to the top of the course by 4:45 they can still race.

****NOTE:** In order to race or train Slalom (SL) they need to have a chin guard on their helmet.

I also need two racers to forerun each race. They would need to be there for inspection and at the top of the course by 4:15.

I need a head count for the races as I will be creating run orders. I also need to get a head count for those interested in forerunning at races.

PLEASE send me a list of the races your racer can attend and dates they are available to forerun as soon as possible.

If you have any questions feel free to contact myself or Coach Steve.

Thanks,

Anne Seehafer
Western Conference Race Administrator
