

Spring 2019 Learn to Play Hockey

Hockey is a rewarding sport that combines physical and mental achievement, while encouraging both individual and team development. It keeps players fully engaged and teaches the value of having fun while working hard. Come join us for our Spring Learn to Play session where your child will learn the necessary skills to play and enjoy the great game of ice hockey!

Our Learn to Play program is developed and run by our coaching staff and follows USA Hockey's American Development Model. It focuses on the A, B, C's of skating (Agility, Balance, and Coordination), basic stick handling, passing, shooting, and more! It is delivered in a manner where the kids are learning through experience and game play.

This 6-week program is both for first time players, as well as players who have participated in prior Learn to Play programs. This is the perfect time to prepare for joining our team for the Fall/Winter Season!

When: Thursdays starting May 23rd through June 27th from 5:45pm to 6:45pm

Where: McKendree Metro Rec Plex

Who: Open to ages 4 to 12

How Much: \$100 for 6-week session (1 hour per week). Cost includes jersey and hockey socks.

Full protective equipment is required and is available on a first come first served basis through our loaner equipment program. Contact Gus Feldker at gfeldker@gmail.com for loaner equipment. A link to our equipment guide, and more information on our Learn to Play program can be found at:
