

Skaneateles YMCA and Community Center
Guidelines for Ice Non-YMCA Rink Programs and Private Rentals
Revised: 9/28/20

- Arrive to the facility 15 minutes prior to your ice time. Depart the facility within 15 minutes following your ice time. NO entry into the building after your ice time starts.
- Must follow YMCA entry policy.
 - ✓ Everyone entering the facility must have their temperature taken and take a health screening. (you will be asked to leave if temperature is 100.4 or higher or you answer 'yes' to any of the screening questions,)
- Maximum on ice group sizes (currently 40 people, inclusive of coaches)
- No locker rooms or shower use. Come dressed with equipment on. Use designated skate changing areas located in the rinks for skate changing. Children that are unable to tie their own skates should arrive with their skates on and wearing skate guards.
- The only point of entry to the facility is the main front doors.
- All participants must fill out a waiver/code of conduct form prior to entering the facility. Minors must have parental signature. Parents or responsible party of minors are to accompany the child to the front door while temperature check and health screening are conducted.
 - ❖ **Parents currently are not allowed in the building for groups Squirt and older**
- Approved face coverings (no bandanas, gaiters or buffs) must be worn at all times while in the building, including the rink and common areas. Participants may take them off once they step onto the ice.
- Social distancing must be observed throughout the rinks. Sit on designated "X's" for proper 6' social distancing.
- One (1) parent may accompany mites and younger level players in the facility. After the player is on the ice, the parent must sit on the designated X's on the bleachers with their mask on until the session is over.
- Failure to comply with these guidelines may result in the loss of future ice times.
