

OTTER HOCKEY

STRENGTH & PERFORMANCE CENTER

Investing in the future of young athletes requires planning, strategy, and a supportive community. With that in mind, the Fergus Falls Hockey Association is excited to announce a new endeavor, the Otter Hockey Strength & Performance Center. We're committed to providing young athletes with programs to learn and enjoy the sport of hockey. Facilities are an important element to that. The S&P Center will allow athletes to develop their off-ice skills, such as speed and agility, strength and stamina, stick handling, goaltending, and more. Your support is paramount to the success of this project.
