mercy. Stunts cannot be performed/practiced. This will hopefully keep the season intact and make for productive practices without entire squads being quarantined or out sick.

- NM- For our comp cheer, we would like to have a season but since we will be indoors for practices and competitions, we will need to come up with a covid plan. If we wear masks, we won't have to quarantine.
- We must pay in advance for our meets, I'd hate for the girls to have to quarantine and then we would be out all the money we spend for them to compete. My suggestions would be to make sure we are spaced out, so we don't have to wear masks.
- I feel this is something we will have to discuss with the parents so that we are all on the same page. On October 11th we will be holding a meeting for the comp team, we will see how the parents think about this going forward and then we can make our final decision on having a season or not.
- We can also talk to the school and see how they have been handling all of this with covid. And what rules they need to follow.
