

## ***Treasurer Nominees***

### Laurie Aaronson

Experience in girls lacrosse community:

- Official for over 15 years
- Head coach for youth organizations 10+ years
- Attended 3 National conventions
- Level 3 Coaching from USL

Why are you interested in being on the MSLax Board?

- I would like to contribute to the community and help communicate as part of the Board goals.

Why do you believe you would be the best person for the position you are applying for?

- ?

What would be a few changes that you would strive to help MSLax improve and how would you execute those changes?

- I would create electronic record keeping, including requests for refunds and payments for board members
- I would be the one to execute refunds on the website instead of the web master
- I would look into using QB for the organization's finances if not done already
- I would look into how we can continuously provide grant opportunities for members and communities and work with age liaisons to provide these opportunities
- I would work with the President and VP to develop procedures for board to create programs and submit budgets
- Provide monthly updates to board and members about financial stability of organization

Girls - U14 - U18, Field Lacrosse

Boys - U10 - U14, Box Lacrosse

Why are you interested in being on the MSLax Board?

- I have been directly involved with MSLax as a coach and as a voting member for an association for over 7 years. I believe in the mission and want to be a part of an organization that can bring positive change through sport.

Why do you believe you would be the best person for the position you are applying for?

- I have over 15 years of direct management of the P&L for a 5 million dollar account with positive growth year over year increasing services and client satisfaction. I love lacrosse. It sounds corny but, lacrosse is my favorite sport. I believe that team sports can be a powerful tool to build better people. Positive coaching and mentoring can build confidence, mental agility and the ability to positively respond to fast paced, evolving scenarios and apply that knowledge and experience to life.

What would be a few changes that you would strive to help MSLax improve and how would you execute those changes?

- I would like to see MSLax increase it's presence in areas that lack economic opportunity. I envision leveraging partnerships with other organizations with similar missions and providing opportunities to those youth.
