Review Process:

After receiving notification that your application has been accepted, please be sure to review your application and ensure that everything listed is accurate and secured.

1. Prepare your board from various interviews to enlighten us on why and how you will be an asset to the conference. Interviews may be conducted by (but not limited to):
 - A. Team presidents within your team area (if necessary)
 - B. The Executive Board members of Mid-Florida

Once you have completed the above steps successfully, your organization will be allowed in final presentation before the Governing body of Mid-Florida.

2. **Final Review – Presentation to the Body:**

- A. Governing body of Mid-Florida (**Final Review**)
- B. Your board will be invited to one of our monthly meetings to present your organization.

At the Conclusion of your presentation, be prepared for questions from the body. Most questions will derive from the application so it is **imperative** that there are no inconsistencies in what is listed on the application to what you are presenting verbally. Please be advised that additional inquiries are common as well, as this is an open discussion for our body to gather the necessary information to make the best decision for the conference.

- 3. Once your board completes the presentation, you will be dismissed from our meeting temporarily to finalize your decision and the body will discuss their opinions and concerns with the Executive Board.
- 4. You will be notified by Recruiter and certified mail on you acceptance or rejection of your organization. **Final acceptance and/or rejection is not always determined onsite. You may be notified at a later date of the decision.**
