Jeffrey Stout

Kurt Miller

Michael Vaccaro

Brittany Lasher

Catherine Perry

James Blackwell

Anne Divers: Opens Meeting 4:30 pm

General \$45,678.45

Capital \$121,990.85

\$86.79 in Pay Pal

Mr. Stout: thanks board for the basket fundraiser. Everything looked like it went well and was successful. Prizes were wonderful.

Anne: Thanks Mr. Stout. mentions we will have a new member at large as well as membership coordinator for the upcoming year. Field house will be cleaned out, shipping container will be moved up to high school field as Mr. Brooks mentioned, probably near baseball/softball fields.

Mr. Stout: Approval for certain storage containers is needed, this one is approved.

Anne: It will be easier for coaches to store equipment etc. We also need approval for Dollar Cone House by the 30th of this month. Being used for Best Buddies/ TTA class. Athletics going smoothly, MS Golf towels and hats distributed, dates for photos were given.

Mr. Blackwell: How does the Sign up genius work? Would it be easier to have 1 master sign up for all Spring sports?

Anne: Parents do not step up. When no volunteers sign up we offer it to other sports to make money. No Booster club in the county gives money to the sports that volunteer. So when no parents volunteer we offer the opportunity to other sports to make money. We will try to do one big sign up.

Mr. Blackwell: Paint Machine?

Anne: We will not sign a contract, the members of the booster club are ever changing. If you sign it, we will fund it with the stipulation it cannot be lent out.

Vaccaro: I sent an email, it's about \$16,000 yearly. New one will allow logos to be printed on fields. I will get more quotes from companies and email them to you

Mr. Stout: Did you give permission for signs to be put in front of school? All signs in front of school will be taken down.

Ms. Perry: Someone from the band called and asked if they could put a sign by the library. I told them that it is not a part of me, that is the library's.

Mr. Blackwell: Top dressing for field... Best options? What timeframe is needed? When is the best time to do it? I will meet with Rex and discuss.

Anne: So we have a little bit of time to deal with that.

Ms. Perry: Track for Friday, there will be six schools. Will concessions be open?

Anne: Concessions will be open. We reached out to Becky for volunteers; she hasn't gotten back to us as of yet. We need to know in order to have volunteers in place.

Ms. Perry: Baseball hats!! Chandler is under the impression that you guys will pay for them.

Anne: Skinner has extra hats. Parents should pay for them. Skinner is charging \$25 a hat. I told Chandler to work it out with him.

Is the county taking over all sports? Honestly, the Booster isn't going to pay for anything until we know the county is taking over all sports.

Ms. Perry: I did not hear of this.

Anne: Are we switching Family ID?

Mr. Blackwell: Union County pays for Family ID, but it's just talk; nothing definite. If it doesn't happen by spring break, it's too late to do it for the 25-26 school year.

Anne: When the county took over membership and spirit wear, Booster lost a lot of money. Parents are frustrated and they don't support the Booster. The county took a lot of revenue. No money from lacrosse comes in. There's been no issues since we put lacrosse in a league. The Booster will not support anything until we know if the county is taking over.

Anne closes meeting 5:21 pm
