

OKLAHOMA PEAK PERFORMANCE

14's

Oklahoma Peak Performance (OP²) provides an environment for the committed volleyball player to reach her peak performance in three specific areas:

Sport Specific Development:

OP² has the privilege of providing our athletes with the highest level of instruction and training the nation has to offer. Our coaches have a variety of coaching experience at the local, state and national levels. OP² coaches are committed to helping each team and player reach their optimum performance in the sport of volleyball. In addition, many of our coaches have years of experience on both sides of the college recruiting process and will assist players and parents who are interested in pursuing a collegiate volleyball career.

Character Development:

OP² is dedicated to the growth and development of the whole person: body, mind and spirit. We place a great value in the areas of education, decision-making, morality, and spirituality. Biblical principles are the foundation of development in this area as we help athletes mature and navigate through life. OP² invests intentional time helping each player optimize their role within the family, the team and as a contributing citizen.

Fitness and Conditioning Development:

OP² is determined to assist our players in becoming the best athlete they can be with their God-given ability. We provide unique opportunities in speed, agility & jump training as well as nutrition, strength and conditioning. Top professionals in each field will link with OP² in these endeavors.

Practices: 14-1 and 14-2 practice 6 hours/week. 14-3, 14-4 practice 4 hours/week. All teams receive one hour of strength/conditioning per week through iCrush Sports Performance. Practices will be held at the OP² Training Facility (11626 N. I-35 Service Rd., OKC).

All parents must establish an account on the SportsEngine platform. Please have an e-check or debit/credit card available when establishing the account. A registration link will be emailed to you by your coach. You may also find it on our website (www.op2vb.com) the week of Oct. 11-15. Parents may pay the entire balance or they may choose to pay in four payments. After the initial payment, the outstanding balance will be automatically billed in 3 additional payments (Nov. 10, Jan. 10 & Feb. 10). Contracts are binding as of Saturday, October 16.

Players will be contacted about making a team **generally within 48 hours**. The 48 hour time frame may be extended should parents/players choose to delay their decisions. Players are encouraged to participate in as many tryouts as they would like. The club may use the online database to notify parents of any available positions on teams.
