

EDUCATORS WORKSHOP

Dear educator,

Every year RS Milwaukee conducts a week long all expense paid for Educators Workshop in San Diego, California. During this week all attendees receive more information about the benefits of the Marine Corps and a look firsthand at many of the behind the scenes things we do as Marines. We feel it's extremely important to reach out to you, as you have a great influence on many of your students. Below is some information regarding the workshop as well as a point of contact for more information and to request a workshop seat.

Who: 30 educators from across Wisconsin, Northern Illinois, and Michigan's Upper Peninsula

What: Trip to see the transformation of recruits during Marine Corps boot camp

When: March 2019

Where: Sunny San Diego, Miramar (where Top Gun was filmed), and Camp Pendleton

Why: To get a behind the scenes look and better understanding of what the Marine Corps is about, and what we do to train our new recruits

WHAT YOUR PEERS HAVE SAID

"I feel so much better acquainted and appreciative of the wonderful job the Marines do."

JUDY FLATEN

Caledonia Area High School

"We educators were afforded an opportunity that few can experience and for that I am eternally grateful."

MICHELE BURNS-JOHNSON

Fond du Lac High School
