

CEDAR CLIFF

**YOUTH BASEBALL
ASSOCIATION**

**2025
SPRING PROGRAM**

PRESIDENT'S MESSAGE

I am thrilled to welcome athletes, families, and fans to the 2025 Cedar Cliff Youth Baseball season! The CCYBA board and I are privileged to offer America's Pastime to more than 230 youth athletes in our area. We look forward to a memorable and competitive experience for all who participate.

While youth baseball is a great way for our children and grandchildren to stay active, build healthy habits, and burn that childhood energy that us adults envy, it's also an opportunity for our volunteer coaches and mentors to teach valuable life skills including respect for their peers and elders, building friendships, and sportsmanship. Our organization is entirely volunteer-led. This includes more than 100 parents, grandparents, and relatives serving as our Board members, various coordinators, head coaches, assistant coaches, and those supporting the operation of our concession stand at each game. This season, as well as the overall operation of our organization, would not be possible without each of these individuals' time, effort, and care for the programs we offer. Thank you to each of you for your support. We encourage anyone interested in becoming more involved in volunteering in any capacity to reach out to a Board member and/or attend one of our monthly board meetings. We are always in need of new volunteers, so we welcome your involvement.

While volunteers are extremely important to the success of CCYBA, we would be remiss to not thank our sponsors for their generous donations. From your business and personal names appearing as team jersey sponsors to the advertisement banners hanging around our facilities, not to mention the generous donations to our snack shacks, your donations are the lifeblood of our organization. We encourage all CCYBA families and friends to frequent these establishments to show our support in return.

The most important goal of CCYBA is to provide our young athletes with the opportunity to build core memories playing baseball with their friends. Our hope is that by providing this opportunity, they will develop a love for the game of baseball, both from athletic standpoint and as an opportunity to grow as a human being. We love to hear "see you next season" from the athletes at the end of every season. In our eyes, that is the ultimate sign that we did our job. We appreciate your encouragement of your own athlete, as well as their teammates and opponents. Our collective support and encouragement will only help them further develop their love of the game.

Thank you again to our volunteers and sponsors. We would also like to thank each family that chose to join the CCYBA family this season. I am personally excited for this season, and I hope to see you all at the fields this spring. Please feel free to stop me or reach out to our Board with any questions.

"You could be a kid for as long as you want when you play baseball" – Cal Ripken, Jr.

Batter up!

VOLUNTEERING

A great deal of hard work is put into effectively running CCYBA, and this league can not exist without the help of volunteers. We encourage all families to get involved and find ways to support the league and those who devote countless hours of their time. Please join us on the 2nd Wednesday of each month for our monthly Board Meeting, or email CCYBAboard@gmail.com to see how you can get involved and help ensure the success of this league in 2024 and beyond.

MAJORS

The background of the image is a dense, chaotic pattern of yellow and black streamers and confetti, resembling a party or celebration. The streamers are long, thin, and crisscross the entire frame. The confetti consists of small, irregular yellow and black pieces scattered throughout. The overall effect is one of high energy and festivity.

The logo for Herc Rentals, featuring a yellow swoosh above the text "Herc Rentals" in a bold, italicized sans-serif font, with a trademark symbol (TM) to the right.

MINORS

The background is a complex, abstract composition of black and yellow ink splatters, scratches, and fine lines on a white surface. The splatters vary in size and density, creating a textured, chaotic appearance. The lines are thin and irregular, some forming a grid-like pattern while others are more random. The overall effect is one of dynamic energy and artistic spontaneity.
