UI Designer Wanted

We are seeking a talented and creative UI Designer. The ideal candidate will have a strong background in user interface design and a passion for creating visually appealing and user-friendly interfaces. As a UI Designer, you will collaborate with our team to optimize our customer experience.

Duties:
- Review and analyze system requirements to create embedded software designs on existing framework.
- Take part in discussions and design planning meetings, propose and implement technical solutions.
- Design the layout, visual elements, and interactive features to ensure the product is user-friendly and aesthetically pleasing.
- Write and test code according to team quality standards.
- Be proactive and able to work independently with limited supervision.

Experience Required:
- Experience in UI design and development with a focus on registration platform/system/software.
- Well versed in Django and Python.
- Proficiency in CMS such as Word Press; app design a plus
- Excellent organizational, problem solving and communication skills, with attention to detail.

Compensation & Applying:
- This is an Independent Contractor position.
- Compensation to be determined, commensurate with experience
- Please submit samples of your portfolio with a letter of interest to Jobs@Mass-Soccer.org
