## IN REVIEW: WEEK 4

After two lightning delays, we were able to complete all Week 4 games! The morning started off beautiful, with clear, bright sunny skies that set the tone for a great day of softball.

As the day went on, we pushed through light sprinkles and overcast conditions, but that didn't slow down the level of competition. We saw several close games and strong performances across the board, showing just how competitive this season is shaping up to be.

It's especially exciting to see teams continuing to battle and position themselves for a bid to the 2026 GSWS in Columbus, OH. The intensity and effort on the field are only building each week.

Get yourselves ready for Week 5! Come prepared, stay focused, and continue to bring your best!
