

Benedetti Diamond Welcome Packet

USF DONS BASEBALL

As we embark on our fourth summer at the new Benedetti Diamond, we are excited to host you on The "Hilltop." We have a few guidelines that we would like to share with you to ensure a memorable experience at the yard.

FACILITY INFORMATION

Benedetti Diamond: 2305 Golden Gate Ave., San Francisco, CA 94117

The gate behind home is emergency exit only. The entrance to the facility is down the right field line. Please do not use the loading dock as a pathway to the entrance. Players and spectators are asked to walk the pathway along the dorm room to the steps down the right field line.

RESTROOMS

Restrooms for participants are located in the hallway connecting the dugouts. For everyone else there are men's and women's restrooms located behind the concourse on the first base side of the stadium.

CODE OF CONDUCT

A couple of our boundaries are shared with the neighborhood and we've built a very strong relationship with them because we respect those boundaries and the areas surrounding the stadium. We ask that all participants please be respectful of the community surrounding the stadium and University so that we may continue to provide this opportunity in the future.

FIELD / DUGOUT PROTOCOL

Along with the new artificial surface we have also turfed the mounds for the summer. Metal spikes are fine and recommended if San Francisco's famous fog has the surface damp. Otherwise, when it's dry molded or plastic cleats work great as well as even turfs or trainers.

Seeds of any kind are not allowed in the dugout or on the field. We enjoy seeds as much as the next person, however it's been too difficult trying to keep them off the playing surface so we ask that they are kept out of the dugout as well. At the conclusion of every game, each team will be asked to clean their dugouts, so the less trash is on the ground the quicker the transition will be.
