

# 2018-19 TR2 at Wild Mtn.

We are excited to announce that we are expanding our team to include Wild Mountain. The ski area is consistently the first to open during November, so the skiing should be early & excellent.

Camps will consist of free skiing and drills with focus on Slalom. The basics, drills and full length courses will be utilized in our training. Daily video analysis, as well as electronic timing are some of the tools we use to help each athlete reach their full potential.

Please check out our website for more information & weekly updates:

We will also be conducting camps throughout the year in Colorado & Oregon to provide our athletes with elite level training conditions.

We have various racing options for all age groups & we also have a training only option for high school ski racers that are looking for the extra training they may need to reach the next level.

All of the coaches at Three Rivers Ski Racing were elite athletes and we know how important training is to your success as an athlete. Gate training is just part of our year-round program. On-snow camps, weight training, aerobic conditioning, nutrition and sports psychology are the fundamental elements to a successful conditioning program. Daily video analysis is used to help you fine tune your technique and tactics. Timing is also used to help enforce what you are learning on the hill.
